Single Supt. System Works Says Hogan

by CHRIS SPECHT

Both the Grass Lake School Board and the Lotus School Board have accepted the resignation of Richard Hogan who was joint superintendent of the two districts.

Hogan has served as the superintendent of the Grass Lake School board for the past 7 years. He became the superintendent of the Lotus School Board on Jan. 1, 1985 after the two school boards decided to share a superintendent.

Hogan will be moving on to Lisle School District 202 in DuPage County. The 2000 student district will include a high school, a junior high, and 3 elementary schools. By comparison the combined enrollment of both the Grass Lake and Lotus K-8 schools is only 400 students.

Hogan said that he had no problem working with two school districts at one time

and that this situation may become more common in the future.

"I just work for 14 people instead of 7," explained Hogan. "I think you will see more districts doing this as an alternative to consolidation and because it saves each board half a salary."

Because he was at Lotus for only a short time, Hogan said that there was much work that he still would have liked to have done, particularly in the area of upgrading the district's buildings. Hogan said that he is moving on because he could not pass up the career opportunity that was presented by the job being offered at Lisle.

Hogan said that he has enjoyed his years at Grasslake school and felt that his biggest achievement was in changing the student's attitudes towards education. Hogan said that when he first came to the Grass Lake School the students felt that their responsibility towards education ended with attendance, now this has changed.

"Now the kids are proud of themselves and the school," said Hogan. "That is what education is all about, attitude."

Hogan said that one of the highpoints in his time at Grass Lake was when his students beat students from all the other Antioch grade schools in a math contest held at Antioch Community High School. Hogan credits the boards, staffs, and parents at both districts for working together and helping to make most of his success here possible.

A special farewell reception has been planned for Hogan by the Grass Lake PTO. The reception will be held from 1-3 p.m. in the school gymnasium on Feb. 16.

Lions To Play Bears

John Wolf, President of the Antioch Lions Club, signs a contract for the 'Good News Bears' to play the Lions on Apr. 11, while game committee chairman, Laddie Korecek looks on. The 'Good News Bears' are a group of Chicago Bears who play community organizations for charity during the off season. The game will take place at 7:30 p.m. in the Antioch Community High School Gymnasium.

Registration Begins For Youth Baseball

Due to the efforts of Vice-Presidents Gary Wilke, and Joe Bivona, the Antioch Youth Baseball Board is off to an early start this year and have already scheduled Registration, tryout, and clinic dates for the upcoming baseball season. Equipment has been organized, and repaired and requests for new equipment have been let out.

A stated "top priority" of the board is to put Antioch Youth Baseball "back on the map."

"We want the young people of Antioch and it's surrounding areas to learn good baseball skills, and to enjoy the game," said Vice-President in charge of senior league and public relations.

Bob Walden, Vice-President in charge of girls softball, said that there were many new changes and ideas being worked on by the board.

"I think the community will be pleasantly surprised," said Walden.

Jackets with the "Antioch Youth Baseball" logo will be on sale during registration.

Registration will be held on Feb. 21, from 6-8:30 p.m., Feb. 22, from 1-4 p.m., Feb. 28, from 6-8:30 p.m., and March 1, from 1-4 p.m. in the Scout House. A birth certificate is required for all applicants. Registration fees are \$30 for the first child, \$20 for the second child, \$15 for the third child and any thereafter.

Antioch High To Present Mid-Winter Choral Concert

The Fine Arts Dept. of Antioch Community High School will present its Mid-Winter Choral Concert Thursday, Feb. 13, at 7:30 p.m. in the auditorium.

Five ensembles will perform on this occasion; the Concert Choir, Freshman Girl's Chorus, the newly-formed Show Choir, Madrigal singers and the A-Cappella Choir. A special feature of the evening will be a piano trio; Christine Exner, Brad Hamlin and Philip Fabry will play "Romance" by Sergie Rachmaninoff.

The Show Choir will be performing for the first time this year. This group is directed by Mrs. Cathy Cratty and they will be singing contemporary songs that are designed for singing and dancing.

The A-Cappella Choir will perform a group of songs that feature both popular and classical selections.

The North Suburban Choral Festival will also be held at Antioch on Monday, Feb. 24, with Dr. Weston Noble as guest director.

Winter Festival '86

Hundreds of ice fishermen flocked to the Northern Illinois Conservation Club's Ice Fishing Derby and Winter Festival. Besides fishing there were booths serving hot food as well as games for the kids. Prizes were given for the biggest fish most of which, including a 37 inch northern pike, were caught in Channel Lake. There were also drawings for prizes at the end of the derby. Check the inside pages for a complete list of all the derby winners.

Everyone Wins Big At Ice Derby

There was fun to be had by all who entered or attended the Northern Illinois Conservation Club's Chain O'Lakes Ice Fishin' Derby and Winter Festival which ran on Feb. 8 and 9.

Hundreds of ice fishermen cut through nearly two feet of ice to try their luck at winning the tournament in what turned out to be splendid sunny weather. The main quarry for the day would be the tagged fish that were released earlier by the NICC and would bring up to \$25,000 to the lucky fisherman that landed them. There was one fish worth \$25,000, three worth \$10,000, three that were worth \$2,000, and 18 that were worth \$1,000. Unfortunately, none of the tagged fish found themselves on a lucky fisherman's stringer by the end of the derby.

Perhaps the biggest winners of the derby were the owners of nearby lounges and resorts that enjoyed phenomenal business during what is usually a slow time of the year.

"It's been like this all morning," said Pat Apostle, owner of The Ship Lounge on Channel Lake, as he surveyed his packed establishment. "I know their catching a lot of fish out there," said Apostle, "but as the day goes by, the fish seem to be getting bigger." Apostle was referring to the natural tendency of fishermen to exaggerate. A rumor of a 38 inch Northern Pike that was making the rounds early Saturday later proved to be false although a 37 inch Northern eventually won the derby for that species.

Although there were quite a few fisherman warming up at The Ship on Saturday morning, the majority seemed to be still out on the ice.

"They came out here to fish and right now that is what they are doing," said bartender Hank Radeka. Radeka, however felt that this would change when the sun went down. "I don't think the festivities have even started yet," said Radeka.

Out on the ice, the festivities were in full swing. There were booths set up serving hot food, games for the kids and of course, some dandy fish on display. By the end of the derby, Channel Lake would produce the winning Bass, Blue Gill, Walleye, Striper, Catfish, and Northern Pike.

The NICC which sponsors the event also had a booth where they measured fish that were entered and passed out literature on their organization.

Clem Haley, a director of the NICC said that the two biggest activities of the group were education of the public and restocking the Chain. According to Haley, the group

started an intensive Walleye stocking program a few years ago when it was discovered that the Chain was low on predator fish.

Haley said that a walleye was stocked for every one of the Chain's 6500 acres. Judging by some of the excellent specimens brought in for the derby, the walleye stocking program was paying off handsomely.

Haley was at the derby selling \$1 tickets for another NICC fund raiser. Purchasers of the tickets are asked to predict the exact time when a car that is on the ice at the Channel Lake Boat House. When the car plunges through, it will disconnect a clock and mark the exact second that the ice has thawed on Channel Lake.

Haley stressed that the engine has been removed from the car so oil won't be leaking into the lake. The car is also attached to a cable so it can be retrieved and used for another year.

Further information about the NICC can be obtained by calling 395-6422. For a complete list of all the derby winners please check the inside pages.

Board Honored By Sequoits

The Antioch Community High School Football Team presented the Antioch Village Board with a special plaque at their bi-monthly meeting on Jan. 20.

Sequoit Coach Steve Wapon began was the first to address the board and thank them for "all of the help and support" the board had given them over the past year. Coach Wapon then introduced Sequoit guard Pat Brooks.

"He's not 18 feet tall and he doesn't weigh 240 pounds, but he plays that way," said Wapon. Brooks then made the actual presentation to the board.

Also on hand for the presentation was Sequoit manager Sue Nauman. "It's teamwork that gets us through and we feel that the village is part of that team," said Nauman.

Barnes On Dean's List

Elizabeth A. Barnes, junior, 26 Highland Ave., has been named to the Dean's Honor List for the fall quarter at Augustana College, Rock Island. The list includes students whose grade point average is in the "A" range, from 3.5 to 4.0.

Horses Starve On Antioch Farm

by CHRIS SPECHT

The Department of Agriculture has filed charges against J.R. Baker under the Humane Care for Animals Act. The charges are for failure to provide adequate food and water, and veterinary care to more than 40 horses on his Deep Lake Rd. farm, and for failure to dispose of dead animals.

The farm, known as Liberty Retreat, is a alcohol and substance abuse treatment center as well as a place to board horses. Donna Ewing of the Barrington based Illinois Hoofed Animal Humane Society said that her group had been dealing with Baker for two years, but that in the past few weeks the situation had deteriorated so much that the group had to take stronger action.

"It was never as bad as it has been the last month," said Ewing.

Ewing said that in the past, Baker had always complied to the best of his ability when the group complained. "He's a pretty good horseman when he's sober," said Ewing.

According to Ewing, Baker's wife told her that Baker had been drinking heavily for the past two months. Since no one else at the Liberty Retreat was capable of taking care of the horses, their well being suffered to the point where the society had to take action.

Ewing said that three horses had died of starvation and that one mare was forced to abort the foal which had also died. Ewing also said that one of the horses had starved to the point where Ewing decided to dispatch the ailing animal with a sledge hammer. Unfortunately the horse lived for over six hours

Zegler Realizes Dream

Alan James Zegler, son of Mr. and Mrs. James Zegler, 39526 Channel View, Antioch; and a 1982 graduate of Antioch Community High School is fulfilling a life-long ambition as a cartoon animator in Granada Hills, California.

Early in his elementary school days at Grass Lake School, teachers recognized his extraordinary talents

and arranged a studio tour of the comic strip creators of "Brenda Star" in Chicago.

After graduating from ACHS, Alan attended Columbia College in Chicago where he majored in film animation. Realizing opportunity for a man of his talents lies west, Alan moved to California where he was immediately hired by

Hanna Barbara Studios as a Story-board animator for such well-known celebrities as "The Smurfs" and "Scooby-Doo".

Alan visited family and friends in Antioch during the Christmas season and returned to Granada Hills to resume his fascinating career with Hanna Barbara and also is very busy as a free-lance artist as well.

'Latchkey Kids'— Children In Risk?

by GLORIA DAVIS

"Hey mom, I'm home, how about a peanut butter and jelly sandwich," sounds like a line from the 1950s tv favorite, "Father Knows Best." In 1980, in 60 percent of America's households, that line is as archaic as the television show.

The U. S. Dept. of Labor claims that as of 1984, there were 20 million working mothers.

According to other statistics from Irene Green, advisor for the University of Illinois Extension Service out of Grayslake, in that bulk of U.S. homes, one out of every 10 of those children, or one-half of the 13 million kids under 13 years of age in the United States that have two working parents (one-half of which live in homes solely supported by their mothers), are responsible for themselves after school hours, at least until dinner time.

These "Latchkey Kids" usually arrive home to an empty house where there is no warm greeting or warm cookies coming out of the oven.

Even the name "Latchkey" has a lonely sound akin to an episode from "Orphan Annie" or "Oliver Twist."

Yet note that in half of these households the children are not left alone by choice, but by monetary necessity because mom has to work.

the working mother has not definitely been proven to be the cause of childhood behavioral problems, juvenile delinquency, dope addiction, or any consequent adult psyche problems.

Yet Walter Sheets, superintendent of the Gavin Grade School Dist. in Fox Lake, said that he had found problems popping up in some children that have single parent families, adding that he would not put that tag on all students that have single-parent families.

He said, "The majority are feeling the emotional upheaval of the situation. The kids' reactions depend on the individual parents."

Jim Miller, principal of Lakeview Grade School in Grayslake said, "Having both parents working does put more tension on the family as far as getting the children to school and home, straining their schedule."

He adds that, "It's almost like divorce. In the last five to 10 years I've seen two different developments, more single parents and more moms that work. I've seen some effects from this but one cannot generalize."

Miller mentioned that some problems that arise with working mothers are that they are not always able to pick the kids up from school when they have get sick in the middle of the day and it is becoming more difficult

Children that live in busy urban areas were much more fearful than those that live in "safe" small towns.

But, just to prove that sometimes different statistics draw different conclusions, often depending on the variables, another study done by Hyman Rodman of the Family Research Center at the University of North Carolina compared the levels of fear and distress in two matched groups of 48 children and found no significant difference in the stress levels on the 48 that took care of themselves and the 48 that had adult supervision.

Again, this study does not differentiate between hired adult supervision and family-related adult supervision.

David Elkind, author of "The Hurried Child," has argued that "Latchkey Children" are expected to assume too much responsibility too early in life. He suggests that these youngsters may experience a higher incidence of depression and a greater number of personality problems when they are in their teens.

On the positive side, many "Latchkeys" do learn to be more responsible earlier with little ill effects.

Sometimes one child left alone is better than two or three close to the same age category. Although there is some safety in numbers as far as dangerous situations (someone is there to go for

help) the greater possibility of getting into mischief lies with the addition of more adventuresome and curious child-minds.

It has been strongly suggested that public school participation in after-school "Latchkey" programs be initiated nationally. Much lobbying for monies to fund such programs is already going on.

Experts advise that "Latchkey" parents and children take advantage of the many "Latchkey" informational aids that are available. Programs and seminars are sponsored by the Lake County Cooperative Extension Service, Grayslake, many Lake and Kenosha County libraries and even some area schools. The extension service also has much printed information available.

The extension service has a great pamphlet on "Quality Time" showing how parents and children can make important use of the time they spend together, balancing the family separation to a great degree. Call (312) 223-8627.

The final segment of this series will delve into any serious juvenile or teen problems and subsequent adult problems that might stem from being a child member of a one-parent or two-working-parents family.

Society's Problem: Part-Time Parents

A great percentage of these parents are plagued by the guilt and worries that accompany thoughts of leaving grade school children on their own for many hours.

But then there are those parents that are so involved in their own lives, they completely erase their children for those hours unless or until they are faced with a catastrophe or just a major problem arising from this lonely vigil.

In many cases the kids get the entire blame for these problems with, "And I thought I could trust you. When are you going to grow up?"

All "Latchkey Kids" are not products of divorce or single-parent families. The U.S. Dept. of Labor says that in 1984, in half of all the two-parent families, both mom and dad were employed. This means the 56 percent of the 58 million American children under the age of 18 had working mothers and the number is steadily increasing, making "Latchkey Children" the fastest growing special interest group in our schools, says the Center of Evaluation Development Research out of Bloomington, Ind.

Many experts in the psychology, family counseling and educational field report that the fact of the one-parent household and-or

for schools to plan outside programs during school time because there are less and less mothers that are able to volunteer to help with them.

In a research center study done in 1970 on 108 black fifth graders from low income families in reference to the academic achievement among children of one-parent families and two-working parent families, "children who were left to care for themselves in non-school hours had more academic and social problems than their peers who had adult supervision. But the same study showed that the full-time employment of mothers exerted a positive influence on their children's academic and social performance."

A more recent study from the center shows lower academic achievement from children of one parent or two-working-parent families.

Meanwhile, researchers also found that children who routinely care for themselves are more fearful, but also more bored than those who have adult supervision.

This research done by Thomas and Lynette Long also shows that these fear levels differ markedly with the location of the child's residence.

Essie, played by Lisa Zacharias (from left) listens with her dance teacher (Rick Mohr) to her grandfather (Gordon Johnson) during a performance of the Pullman Players Production of 'You Can't Take It With You' that will run on Friday and Saturday, Feb. 14-15 at the Transfiguration Old Church Theatre in Wauconda.

'You Can't Take It With You'

Mrs. Kirby, played by Wauconda resident Connie Ellis (seated front) is shocked at the behavior of Penny, played by Frances Bottoms (from left, standing) the IRS man (David Ellis) and Donald the servant (Phread Kosmach). All are in the Pullman Players Production 'You Can't Take It With You' that will be presented on Friday and Saturday, Feb. 14-15 at Transfiguration Old Church Theatre in Wauconda. Call (312) 526-7730 for tickets.

Ministry Center Has Wide Range Appeal

The February offerings of the Ministry Center of Lake County appeal to a wide range of individuals. For an evening of interesting discussion and refreshments, try "Loaves and Fishes," a Friday evening get-together. The topic on

the Feb. 14 Loaves and Fishes evening is "Premenstrual Syndrome." Call (312) 546-8788 for details and location.

Also in February is an all-

day workshop of how to put together a Christian renewal day for teens and youth of all faiths. Adults and youths are invited to Shepherd of the Lakes Lutheran Church,

Grayslake, for this workshop on Saturday, Feb. 22, from 9 a.m. until 5 p.m. Call (312) 546-8788 for registration information.

The Ministry Center of

Lake County also offers a three-session workshop on Coping with Stress and Burnout, which will begin on Wednesday, Feb. 26. Both, self-help and professional

techniques will be taught by Jim Gilles, executive director of the Holistic Health Institute, who will give this timely presentation at the Lincoln Senior Center.

P.M.&L. Slates Show

P.M.&L. Theatre, 877 Main St., Antioch, will be showing "They're Playing Our Song" on Feb. 14, 15, 21 and 22 at 8:30 p.m. and Feb. 16 at 2:30 p.m.

The show is a modern love story about a song writing team. It was written by comic playwright Neil Simon and the music was written by Marvin Hamlisch, who won the Tony Award for his musical score of "A Chorus Line."

Dinner-theatre packages are available with: The Village Pub, (312) 395-3373; Struggles, (312) 395-9400; and Hoff's Columbia Bay Tavern, (312) 356-8550. For show only, you must make a reservation at (312) 395-3055.

The Porch Example Of New England Ambiance

by GLORIA DAVIS

Last year, owner Gil Meisgeier, entered into phase one of his three-part plan of reopening what used to be a teen bar, Rocket North, on Rte. 83 in Salem.

This family project, which includes Meisgeier's wife Rita and his two sons, Mark and Chris, started with the renovation of the banquet addition into a bar for mature adults called Memories.

The bar's motif is that of an old-time street, complete with a train caboose (has booth inside), street lights and old street signs, a band shell, the area's largest video screen (nine by 12).

Taking up a lot of floor room in the bar is the complete, renovated body of a 1938 fire engine which houses the deejay and veejay.

The aura of the bar is that of the 1950's and 60's, meant to appeal to people who were teens in that era, like Meisgeier and his wife, ergo the name Memories.

Memories features live '50s and '60s music on Saturdays and a lipsync troupe on Fridays. Phase two is now also complete.

This is The Porch, a restaurant that Meisgeier has opened in what was the actual porch area, leading from the bar to what will be phase three.

The Porch has all the ambience of early New England with its polished hardwood floors and its antique tables and chairs, not

to mention all the other antique pieces (350 in all) that are part of the attractive decor.

The restaurant seats 65 people at once and specializes in homemade food, cooked from scratch right on the premises by Chef Ted Ironside who comes to Salem with fine culinary credentials from the Americana chain, the Marriott Lincolnshire and the Deerpath Inn in Lake Forest.

Besides featuring a different special steak cut each week, the sandwich and appetizer menu at The Porch is an outstanding and different one.

The Rocky V is made up of a huge stack of shaved steak topped with cheese, served on a French roll along with another house specialty, fresh "veggies" served with a garlic dip.

All the other unusual and tasty sandwiches on the menu, like the chicken teriyaki sandwich, come with homemade steak fries, fixed with the skins still intact.

But if you prefer real honest-to-goodness home-baked lasagna, or a Friday (all you can eat) fish fry, complete with three different kinds of fish, lake perch, cod and smelt (individually served now), its all there waiting to please even the most voracious appetite.

The Porch is open six days a week (closed Tuesdays), from 11:30 a.m. to 10:30 p.m. and until 11:30 p.m. on Saturdays.

'Song' Is Delightful, Portrayal Of A Modern Love Story

"They're Playing Our Song," by Neil Simon, with music by Marvin Hamlisch and lyrics by Carol Bayer Sayer, is being presented by the P.M. & L. Theatre. The musical is another delightful portrayal of a modern love story about a song writing team. The fast-paced and witty story takes place in New York City.

Peter Thelen, as Vernon Gersch, is a triple talented person who gives a great performance on the piano, with terrific vocalizing of the numerous songs. At the same time he is a very talented actor. Some of his expressions were worth their weight in gold.

Donna Badtke, his partner who composes the lyrics for his music, is well cast as Sonia Walsk. Badtke gives a wonderful performance, even though at the beginning, she either sang a little too softly, or the music was somewhat overwhelming. At times, the music drowned her out, but before long, she adjusted and did a great job.

The three inner voices of

each leading character were portrayed very imaginatively and the vocalizing was truly delightful.

The voice of the engineer, played by Larry Bersie, who was extremely glib with his remarks, was a pleasure to hear, as was the voice of the answering service, played by Regina Reynolds.

You will notice the orchestra, sound, choreography, stage construction, props, lighting and costumes are very professionally done.

Plan to see "They're Playing Our Song," at the P.M. & L. Theatre, 877 Main St., Antioch. For reservations, call (312) 395-3055.

Schedule Folk Music

Phil Cooper and Margaret Nelson, whose brand of "folksongs and foolishness" focuses on traditional songs of the British Isles, will offer a children's concert at the David Adler Cultural Center at 2 p.m. on Sunday, Feb. 16.

Woven into the per-

formances and sing-alongs will be bits of background information about the instruments played (guitar, cittern, hand drum and spoons), and about how songs change as they cross the ocean.

Admission is \$3 for adults, \$2.50 for members and \$2 for children. The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville, is a non-profit organization. For more information, call (312) 367-0707.

Mabus Returns

The "picker's picker," Joel Mabus, returns to the David Adler Cultural Center for two shows, at 7:30 and 9:30 p.m., on Saturday, Feb. 15.

Admission is \$4.50 for adults, \$4 for members, \$2 for senior citizens and children six-12, and free for children under six.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville, is a non-profit organization. For information call (312) 367-0707.

Extend Show Two Weeks

Greasepaint and Spotlights will present "Hansel and Gretel" on Saturdays, Feb. 15, 22, March 1 and 8. The show has been extended two weeks to accommodate the over flow of patrons.

The final show of the three part series of plays for the very young will be "The Reluctant Dragon." A

delightful tale of a dragon who would much rather be a writer than a scary creature.

Both shows may be seen at the Greasepaint and Spotlights studios, 115 W.

Church St., Libertyville. Curtain time is 1 p.m. Seating is limited and reservations are recommended. For information or reservations, call, (312) 680-8686.

True Value Hardware, donated by the First National Bank of Antioch.

There was also a drawing of all NICC tagged fish which were caught during the summer. Henry Hike, of McHenry, was the \$300 winner. Richard Kirsley, of Elgin, was the \$200 winner, and Bill Bauer, of Ingleside was the \$100 winner.

Responds To Overcrowding

Chief Judge of the 19th Judicial Circuit William Block, has issued an administrative order directing the Lake County Dept. of Court Services to act in response to the substantial jail population overcrowding.

The order directed George Gallagher, court services director, to immediately institute a program of supervised bond release in conjunction with cases to be assigned to the new program by associate Judge William Homer.

The pilot program is to run for 90 days, and besides direct day-to-day super-

vision of defendants by pre-trial bond surveillance officers, the program will also use the newly acquired electronic detention devices worn by defendants.

The new program received its first participant on Feb.

4, when Judge Homer released a 30-year-old Waukegan resident alleged to have committed residential burglary on a \$50,000 recognizance bond. Among

the terms and conditions of that bond are that the defendant be directly supervised

by a trained probation of-

ficer who will monitor the defendant's activities while out on bond and awaiting further court pertaining to the charges.

The goals of the new program are to help ease jail overcrowding by releasing defendants who are reasonable risks under the supervision of an officer for

protection of the community and to insure further court attendance by the defendant.

Failure to comply with the conditions of the bond will result in the bond being revoked.

United Way Gets Award

United Way of Lake County has been presented the Outstanding Community Service Award on behalf of all social service organizations in Lake County.

The City of Waukegan, the Waukegan Park Dist. and the College of Lake County united forces to celebrate the birthday of Dr. Martin Luther King, Jr. last month with special award presentations, guest speakers and entertainment.

Vernell Whitaker, of Omega Psi Phi Fraternity, presented the Social Service Award to United Way of Lake County. Bill Tyler, United Way of Lake County president, systems project director, Allstate Insurance Co., and Portia Wallace, United Way of Lake County board member, deputy sheriff detective, Lake County Sheriff's Office, accepted the award on behalf of all social service organizations in Lake County.

In the acceptance, Tyler added, "It seems fitting that on the observance of Dr. King's birthday, his compassion and human outreach is remembered through recognition of the important and dedicated service

rendered by the staff and volunteers of human need agencies. Thanks to them, it works for all of us."

The plaque is on display at the United Way of Lake County office, 2835 Belvidere Rd., Room 312, Waukegan.

Crane Names Coordinators

Congressman Philip M. Crane, who is seeking his 10th term for the U.S. House of Representatives from the 12th Dist., has named the county coordinators who will spearhead his 1986 reelection bid.

Earl Lewis, of Mt. Prospect, will be responsible for Cook County; Larry Lenzen, of Grayslake, for Lake County; and Marilyn McNally, of Wonder Lake, for McHenry County.

Lenzen, the Lake County coordinator, worked for the congressman's reelection

campaign in 1982 as a township coordinator, and in 1984 as township and assistant Lake County coordinator. Lenzen is a self-employed salesman associated with Hunter Packaging Company.

Seek Photo Ideas

If your club or organization is planning a special event that lends itself to photo coverage, call the Lakeland Newspaper editorial dept. at (312) 223-8161 to arrange a photographer.

Car Donation

College of Lake County shop assistant, Ed Hedges of North Chicago, and Rodney Cummins, automotive technology instructor, from Lake Villa, simulate testing of the 1985 Oldsmobile Cutlass Supreme donated to the college by General Motors, Corp. The car features a 4K computer which controls engine functions. It will enable nearly 200 CLC automotive students to learn state-of-the-art techniques, according to Terry Rawlings, coordinator of automotive technologies at the college.

Accepting Applications

State Rep. Dick Klemm (R-63rd) has announced that he is now accepting applications for eight General Assembly scholarships. Any resident of the 63rd Dist. planning to enroll at one of the state universities is eligible to apply for the one-year tuition waiver scholarships.

"Awarding these scholarships is one of the pleasures of my job," said Klemm. "It's nice to know that I can, in some way, help a person from my district achieve a college education. It's also nice to know that, with these scholarships, we encourage talented students to attend one of our Illinois universities."

Klemm annually awards General Assembly scholarships to eight students from the 63rd Dist., after receiving recommendations from a select committee of school officials and interested community residents.

Four scholarships are awarded to students planning to attend the University of Illinois, with the other four awarded to students who plan to enroll at one of the other Illinois state universities.

Applicants are judged on the basis of scholastic achievement and an essay on the subject, "Democracy in America—What It Means To Me." Selection is non-partisan, and although financial need is considered, it is not the sole basis for the awards.

Those interested in applying for one of the scholarships can pick up an application at Rep. Klemm's office, 3 West Crystal Lake Ave., Crystal Lake, 60014.

Applicants can also call Rep. Klemm's office (815) 455-6330, and an application will be mailed. Deadline for application is April 30, with winners named in May.

Hess To Visit Area Schools

It's that time of the year again when Lake County Clerk Linda Hess travels to schools in Lake County to talk to the students about voting and the election process.

"I like to visit the schools in the beginning of the year because we are usually approaching some sort of election and that's when the children are most interested in learning about voting," Hess explained. "Usually the children hear their parents discussing the upcoming election and they start asking questions."

In her presentation, Hess demonstrates how voters use the voting machines and the ballots, how absentee balloting is done, and how the polling place is set up.

Older students may want to discuss campaign financing, pollwatchers, duties of election judges, or how to become an election judge. Hess gears her presentation to the students' interests.

She has plans to visit the following schools in the next couple of months: East School, Zion; Katzenmeir School, North Chicago; Village School, Round Lake; Wauconda Jr. High; a Special Education Class in Lake Bluff; St. Joseph School, Libertyville; St. Matthew Lutheran and St. Francis Schools in Lake Zurich; Ellis School, Round Lake; Beach School, Round Lake Beach; Antioch High School; St. Peter's School, Antioch; St. Anastasia School, Waukegan; Fremont and Santa Maria Schools in Mundelein; and Lake Villa Intermediate School.

Schools who would like Hess to bring her voting presentation to their school should call her office at (312) 689-6660 to schedule a time.

Takin' It To The Streets

A little glitter, a little glamour and a lot of enthusiasm set the stage for Carmel High School's 'Street Scenes.' A combination of entertaining music and dance revues, and much more, the annual event has become one of the most popular school fundraising events throughout Lake County. Above are glimpses of different sights that 'Street Scenes' had to offer: Cabbage Patch Kids Visiting Chicago (alias, a group of Grayslake parents), a view of 'Main St.' and a musical cast in a South Pacific number. —Photos by Craig Vogel.

Carmel Wins

Sr. Margaret Geraghty, BVM, principal of Carmel High School for Girls, and Fr. Gregory L. Klein, O. Carm., principal of Carmel High School for Boys, have announced that seven eighth graders in the Lakeland area have won \$200 academic scholarships in Carmel for the 1986-87 school year as a result of their outstanding performance on the "STS High School Placement Exam."

Four hundred ninety

eighth graders took the exam.

The following students are recipients of Carmel's academic scholarships: Kelly L. Dempsey, Viking Jr. H.S., Gurnee; Dawn M. Evenhouse, South School, North Chicago; Scott W. Kurth, Viking Jr. H.S., Gurnee; Santa Maria Del Popolo, son, St. Gilbert School, Grayslake; David J. Schmitz, Wauconda Jr. H.S., Wauconda; and Craig C. Smith, Santa Maria Del Popolo, Mundelein.

Students Fete Deans' List

Nine students from the Lakeland readership area were named to the fall semester academic Deans' List at Southern Illinois University in Carbondale.

The students were:

From FOX LAKE—Douglas C. Hagy.
From GURNEE—Jane E. Fitzsimmons.
From MUNDELEIN—Mark C. Backe, Richard J. Fisher, James D. Kroter, Mark J. Rothman and David J. Sweeney (straight A's).
From ROUND LAKE—Robert C. Unrath.
And from WAUCONDA—Fred L. Kolacki.

Tax Questions Invited At Free Seminar Feb. 26

When is business entertainment tax deductible for an individual?
Can a private citizen get a tax credit for use of his automobile?

These are typical questions that will be answered at an income tax seminar Wednesday, Feb. 26, being presented by the Internal Revenue Service in conjunction with Lakeland Newspapers and the College of Lake County.

The program, scheduled for the CLC auditorium at the Grayslake campus, will begin at 7 p.m.

The speaker will be Sallie Goding, a revenue agent since 1980 and a certified public accountant.

Publisher William H. Schroeder said Goding will speak for approximately a half hour and then open the program for questions and answers.

"Seldom does the general public have an opportunity to address an IRS agent in a give and take situation. Feb. 26 will be one of those times. We hope a large number of persons brings questions for Agent Goding," Schroeder stated.

The program is being presented as a public service to Lakeland Newspaper readers and all interested persons. Admission is free.

The newspaper group will publish a special section on latest IRS information in the issue of Feb. 20, the publisher stated.

Business Leaders Backing Geo-Karis

A rally of Lake County business leaders will be held Feb. 24 to send State Sen. Adeline Geo-Karis wing on her way toward the Republican nomination for state comptroller.

Geo-Karis, a resident of Zion and an Illinois Senate veteran, will contest incumbent Comptroller Roland Burris.

The rally will be in the form of a cocktail hour and reception from 5 to 9 p.m. at the Country Squire, Rtes. 45 and 120, Grayslake.

Those attending are requested to purchase \$40 tickets which will be available at the door.

Set Rally For Donna

One of the largest rallies of the spring primary election campaign will be staged Sunday, Feb. 16, to advance Donna-Mae Nix Litwiler, who is seeking the Republican nomination for Lake County clerk.

The Litwiler rally will be staged at Hackney's Rte. 12 and Old Rand Rd., Lake Zurich, to bring together supporters from Cuba, Elva, Fremont and Wauconda townships.

The rally will be held from 2 to 4 p.m.

Free refreshments will served.

Bear Mania Strikes Again!

Bear Mania struck the Antioch Grade School in Antioch on Jan. 26. Everyone from students to staff got involved in wishing the Bears well. All manner of Bear paraphernalia could be found. Everything from McMahon headbands to Bear jerseys, from Bear hats to 'teddy' bears besieged the school. The staff even treated themselves to a traditional 'tailgate' party! And at 3 p.m. the entire school 'shuffled'. Thanks Bears for a great season.

Grass Lake Students Ski Americana

by ARDEEN HARRIS
(312) 395-2761

The cold weather returned and just in time for the Grass Lake Junior High to have an enjoyable ski outing at Americana Ski hills in Lake Geneva last Friday night. For those parents who saw a little girl getting off the bus with her arm in a sling, have no fear, Becky Ward had sprained her finger and the ski patrol had to put her in a complete arm sling. She is doing fine. The sixth grade class has been working hard to get ready for the Valentines dance to be held on Feb. 14. The dance will be from 7-9 p.m. Feb. 16 will be the farewell reception for Mr. Richard Hogan sponsored by the Grass Lake PTO. The reception will be held in the Grass Lake School Gym from 1-3 p.m.

This is the "year of the tiger" for the new Chinese

Grass Lake News

New Year. A very special event is being planned for Feb. 15 to welcome the new year and honor Venita McConnell who is a candidate for the Lake County Clerk. A special Chinese hor d'oeuvres buffet will be held at Port Clinton Atrium, 600 Central Ave., Highland Park on Feb. 15 from 4:30-8:30 p.m. Admission is \$12.50 per person and a menu of egg roll, fried won ton, sesame shrimp toast, paper wrapped chicken, mongolian beef on a stick, mandarin dumpling, crab stick and szechuan pickled vegetable will be on the buffet. What a way to start the new year and meet a terrific candidate for Lake County Clerk. Tickets may be purchased at the door. Gon-Hey-Fa-Choy! Happy

and Prosperous New Year!

The Emmons P.T.O. will be having Ralph Connard, Director of Crime Prevention for the Lake County Sheriff Department at their meeting on Feb. 18 at 7:30 p.m. Connard will be speaking on "Drugs in the 80's". The Emmons P.T.O. is inviting interested parents to attend their program and they will also discuss the parent-peer groups from their November meeting. The November meeting with Betsy Houghton was very enlightening and well attended. I'm sure those from outside the Emmons school district who attended the last meeting will be there on Feb. 18. As it was indicated in November, our children will all be attending Antioch High School together, so the time to work together is now!

A belated birthday wish to Michele Skrypt who celebrated her day on Feb. 1. Michele is in the eighth grade at Grass Lake School. Missy Olenick celebrated her day on Feb. 10. Missy is in the fifth grade at Grass Lake School.

THANK YOU to all of you who showed their care and support during the loss of a very special man, Harry Koziol. We wish to express our most sincere appreciation. Our sincere appreciation also to Dan Dugenske of Strang Funeral Home, Antioch Rescue Squad, Newport Township Voluntary Rescue Squad and the Night Staff at Victory Memorial Hospital.

Team Finishes Season

The Antioch Upper Grade School seventh grade boys' basketball team recently completed the 1985-86 season with an undefeated conference record of 12-0. A Christmas tournament championship loss to Oakcrest of Waukegan and two non-conference losses to Oakcrest and Zion Central respectively were the only blemishes on the record, which 14-3 overall.

Ken Wisniewski and Mike Newcomb were the leading

scorers on the team with Rich Grandsart third. Ken Paddock was the best defensive player, and Dan Pappadakis led the team in assists. Mike Warren and Howie Filip made valuable contribution in reserve roles.

Other team members were the following seventh graders: Dave Holbek, Dustin Slater, and Chris Zoepfel. The sixth graders on the team were Tim Torkilsen, Chris Malec, Mike Bivona, Andy Biaggi, and Brian Bolton.

Athlete of the Week

Dave Grindley and Jeri Gutowski were named 'Co-Athletes of the Week' for the week ending Feb. 1. Dave scored 42 points with 22 rebounds in basketball games against Lake Forest and Libertyville. Jeri placed second individually in the North Suburban Conference Bowling Tournament with 1089 pins in 6 games for a 182 average. Don Zeman, (left), Basketball Coach, and Rich Brown, (right), Bowling coach are also pictured with Joy Tadavich, (center), Student Loan Officer, who on behalf of the First National Bank is presenting a \$50 check to the Parent-Teacher Scholarship Fund.

The Bottom-Line IRA

We Dare Other IRAs To Beat It!

A lot of IRAs offered today look mighty tempting. But when the smokescreen of bonuses and gimmicks has cleared and all the horns and whistles have stopped blowing, the only important thing is the bottom line... the amount your IRA will be worth at maturity. You will be surprised at how those gimmicks disguise a low yield. We've checked our competition on IRAs carefully. The "bottom line" is that most of them can't top the high yields of Skokie Federal IRAs...pure and simple.

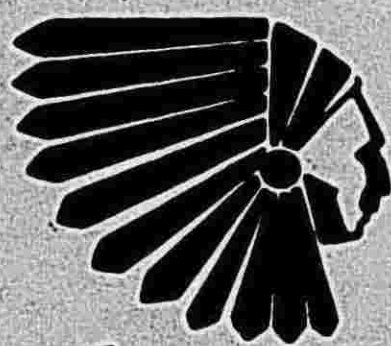

At current rates, a deposit of \$2,000 in our 3-Year IRA would yield a tax-deferred \$2,610 at maturity. The same contribution to our 5-Year IRA would yield a tax-deferred \$3,237. We think you should check the "bottom line" wherever you open your IRA. Give us a call or stop in for

actual comparisons...or call our competition. You'll find you are further ahead with the Bottom-Line IRA from Skokie Federal.

Term	Annual Rate %	Annual Yield %	\$ Yield at Maturity*
3 Year	8.60	9.11	\$2,598

Murder Suspect Gave No Hint Of Suicide

John Wayne Chorba, the 23-year old defendant charged with the slaying of a Grayslake dental assistant, apparently gave no indication of unusual behavior or suicidal tendencies to security guards at the Lake County Jail before he was found hanged in his cell earlier this week, according to Lake County Jail Assistant Supt. Henry Reed.

"On our rounds, I talked to him two or three times a week, and he just seemed like a regular inmate, not violent or anything," Reed said.

Chorba, who has been held in a separate maximum security cell at the jail since last October, was found hanging by a mattress cover that had been torn off of his bed and hooked onto the cell bars.

According to Reed, Chorba's body was found at 12:51 a.m. by jailer Donald Seaton. Chorba's cell had been checked at 12:30 a.m. by another jailer Fidel Rivera who had found

nothing unusual, Reed said.

Although the Waukegan Rescue Squad was called in to administer lifesaving support and a pulse had been detected, Chorba was pronounced dead at St. Therese Medical Center in Waukegan. Lake County Coroner Barbara Richardson said that an autopsy performed on Feb. 10 revealed that he died of asphyxiation. According to Reed, who said he said spoke with the inmate periodically during his regular shifts, Chorba exhibited no unusual behavior or signs of depression.

"He talked to his girlfriend just last week and everything appeared fine," Reed said. "I'm not a psychiatrist, but in my opinion, he seemed like a regular inmate. If you didn't know what he had been charged with, you would have thought he was a regular inmate."

In a letter found in the cell, Chorba said he was sorry about the grief he had caused his

family and that he had meant to take Kretschmer's money. The letter, which he addressed to his girlfriend Barbara Erb, said that his personal property would be left to Erb.

Chorba had been placed without bond in an individual maximum security cell on the third floor of the jail since last October, when he was arrested and charged with the murder of his 23-year-old Grayslake neighbor, Kathryn Kretschmer.

Reed said that a jail counselor, Joe Mollner, who also spoke regularly with the inmates, made no indications that Chorba was suicidal or that he should be placed under closer observation. Reed said that inmates who do exhibit such tendencies are placed in cells near the superintendent's office where they can be watched.

Lake County State's Atty. Fred Foreman said that he noticed nothing unusual during a

pre-trial hearing held last week. The hearing was on a motion made by Chorba's attorneys, public defenders Valerie Czekowski and Joan Pantisios, who were seeking to suppress statements Chorba made to the police during which he allegedly confessed to the murder. The hearing was scheduled to continue this week.

Donna Liked Low-Key County Board Image

Steinke On Politics

by JOHN STEINKE

My past two columns have suggested that Lake County Sheriff Robert H. "Mickey" Babcox is sponsoring Dist. 4 County Board Rep. Donna-Mae Litwiler's candidacy for Lake County Clerk in the March 18 Republican primary.

I contended that Sheriff Babcox wants to elect Litwiler to countywide office in order to extend the power of his political machine. Litwiler's primary opponent is Wauconda Village Clerk Venita L. McConnell. The GOP primary winner will oppose Democratic incumbent Linda Hess in the Nov. 6 general election.

Two weeks ago, Mrs. Litwiler telephoned me and presented a vigorous defense of her county clerk's campaign. Here are some of her observations:

1. COUNTY CLERK CAMPAIGN: Litwiler maintained that Sheriff Babcox was NOT the catalyst for her county clerk's candidacy. She claimed that former State Rep. Betty Lou Reed had contacted her on behalf of Shields Republican Twp. Chairman Mary Beattie and State Rep. Virginia Fiester Frederick to encourage her candidacy. Litwiler was a self-starter for countywide office. Babcox extended his support to Litwiler's campaign only after she had declared her county clerk's candidacy. Litwiler commented to me: "Leave the poor sheriff alone. It's my candidacy."

2. COUNTY BOARD RECORD: Litwiler disputed my characterization of her as an ineffective county board member. She conceded that she was a low-keyed member at the regular County Board sessions. Litwiler asserted that Democratic board members like John Balen and Stan Pekol tend to dominate the public debates in order to attract media attention. She pointed out that she was active in committee meetings where the legislation is drafted. Litwiler reminded me that I had never attended a committee hearing to witness her performance. Litwiler also stated that she provided effective constituent service for the residents of Dist. 4, which includes Antioch, Avon, Grant and Lake Villa Twps. The candidate said her opposition to the forest preserve's acquisition of Gander Mountain and Brae Loch were popular with her constituency. (The County Board members also serve as forest preserve commissioners.) Litwiler observed that "Jimmy Fields and myself were elected to the County Board in 1980 because of our opposition to the purchase of Gander Mountain."

3. LAKE COUNTY GOP CHAIRMANSHIP: In 1984, Litwiler unsuccessfully opposed Lake County Republican Chairman Robert P. Neal's reelection to a second term. I asked Mrs. Litwiler if Sheriff Babcox had encouraged her candidacy against Neal. She maintained that "Republican leaders from the southern end of the county" inspired her campaign for the party chairmanship. Specifically, Shields Twp. Chairman Beattie and State Rep. Bill Peterson of Buffalo Grove encouraged her to oppose Neal. Litwiler claimed that Sheriff Babcox distanced himself from her county chairman's race, and didn't provide much assistance. Despite her defeat, Litwiler emphasized that a majority of township chairmen voted for her election as party chieftain over Bob Neal. She also claimed that she had been assured of strong support in Waukegan Twp. from GOP leaders John Bobel and Jack Diamond. But Litwiler asserted that both Bobel and Diamond switched their support to Neal after he rewarded them with state patronage jobs. Their defections cost her support for the party chairmanship in Waukegan Twp.

4. LAKECOUNT NEWSPAPERS: Donna-Mae recalled that Lakeland Newspapers had always opposed her election to the County Board without success. Litwiler concluded: "John, you may have elected me county clerk when you criticized my candidacy in your column."

POSTSCRIPT: Recently I authorized a column delineating the importance of name recognition in politics. I wrote: "Since name recognition is the name of the game, celebrity is the coin of the realm these days. It may be only a slight exaggeration to say that the country is going to be governed by actors, professional athletes, astronauts, TV evangelists and famous political families."

Two weeks ago, actor Clint Eastwood, 55, filed a petition to run for mayor of Carmel, Calif., in the April 8 election. Complaining that the incumbent was ineffectual, the new candidate wrote, "We need leadership, experience and some old-fashioned logic to get back on the track." He pledged to deal with such problems as parking, tourism and water in the picturesque hamlet of Carmel-by-the-Sea (pop. 4,700).

Eastwood has a tough conservative image. His campaign slogan is "Make My Election Day." Who knows what the political future will hold for Dirty Harry? After all, Eastwood chums around with a chimpanzee just like Ronald Reagan once did.

Elect Goldstein Head

The Medical Center of Lake County has announced that Homer E. Goldstein, M.D., a member of the hospital's medical staff, was elected president of the Lake County Medical Society for 1986.

In addition to his new

duties as president of the society, Dr. Goldstein will also serve on the newly-established Medical Advisory Committee to the Kane, Lake and McHenry Health Systems Agency and to the Employers' Health Care Group of Lake County. A former president of the

hospital's medical staff, he will also serve on the Liaison Committee to the Chicago Medical School.

An active member of the Lake County Medical Society since 1961, Goldstein is an ophthalmologist with offices based in Libertyville.

County GOP Secretary Joins McConnell Camp

Wauconda Village Clerk Venita L. McConnell has gained the support of another prominent party official in her quest for the Republican nomination for Lake County Clerk in the March 18 primary.

Gwen Seawright, a Warren Twp. GOP precinct committeeman and secretary of the Lake County Republican Central Committee, has endorsed McConnell's candidacy.

Seawright stated, "I have looked at the different candidates for Lake County Clerk and compared qualifications, electability and management ability for each one. I am confident the best person for the job is Venita L. McConnell, Village Clerk of Wauconda. She possesses the honesty, integrity and constant drive that it takes to campaign effectively. She possesses the qualifications to do the job expertly, and would serve all the people of Lake County in her capacity as Lake County Clerk with a fairness to all."

Seawright continued, "Venita possesses a rapport with the public that is enviable to any candidate or officeholder. She never misses

the smallest detail when talking with people, always treats everyone like they are important and takes the time to listen to everything they have to say."

McConnell and Dist. 4 County Board Rep. Donna-Mae Litwiler of Ingleside are engaged in a heated race to win the GOP nomination for Lake County Clerk in the

March 18 primary election.

Litwiler has the support of Lake County Sheriff Robert H. "Mickey" Babcox. Whoever wins the Republican primary will oppose Democratic incumbent Linda Hess in the Nov. 6 general election. Hess is the only Democrat occupying countywide office.

Sponsor Sheets Now Available

Sponsor sheets are now available for the Big Brothers/Big Sisters of Lake County's Fifth Annual Bowl-For-Kids-Sake Fundraiser, scheduled for Feb. 16 through 23.

There will be league participation throughout the week and bowlers can bowl at any bowling center or with their regular bowling league during the week. Participants collect pledges of donations on the sponsor sheets before the event.

Fox Lake Bowl and Antioch Lanes will be participating by allowing volunteers to contact

bowlers during league times. Volunteers are needed and urged to call Stan Pasiewicz at (312) 587-7281 during the evening.

The fundraiser will conclude with a celebrity day bowl from noon to 3 p.m., Feb. 23, at Lakehurst Bowl in Waukegan. Lake County Sheriff Robert Babcox, honorary chairman, will bowl the first ball at 1 p.m.

For registration or a sponsor sheet for pledges, contact the Big Brothers/Big Sisters office at 4213 Grove Ave., Gurnee, or call (312) 360-0770.

Operation Cleansweep '86

It's time to resume Operation Cleansweep, a joint project of three county agencies, that has been so successful in the past cleaning up abandoned junk cars and other eyesores in unincorporated areas.

"Cleansweep" combined the resources of the sheriff's office, state's attorney's office and the Lake County Building Dept.

Municipalities have ample legal machinery and manpower to enforce ordinances designed to eliminate eyesores. Residents of unincorporated areas, however, have to rely on the far-flung resources of Sheriff Babcox, State's Atty. Foreman and the building department. Operation Cleansweep brought the enforcement team together with unexpected success.

County Building Officer Robert Streicher is ready to go after violators of "housekeeping" codes, especially citizens who store junk cars. He is attempting to get authorization from the County Board building and health committee to double the size of his four-man field inspection force.

We think members of the committee—Stanley Pekol, chairman; Andrea Moore, vice chairman; Deloris Axelrod, Jim Fields, Eugene Martin, Glenn Miller and Fred Popp should give him the greenlight.

Streicher has worked out contract-for-service agreements with smaller villages that cannot support full-time building departments, to generate revenues capable of supporting a larger field inspection force without burdening the building department budget. Lake Villa and Lindenhurst are among the villages utilizing county inspectors on a fee basis. It makes good sense to expand this policy as much as practical.

The special court conducted once a week on building violations has worked well. Foreman deserves credit for bringing the special court call into being. What's encouraging is the fact that he has indicated 100 percent cooperation in prosecuting violators.

The Babcox-Foreman-Streicher team did it before and they can do it again! Onward and forward with Operation Cleansweep '86!

Tie A Green Ribbon

Supporters of a drive to pass a tax increase referendum in the Grayslake High School District are putting into effect a variation of the old popular song, "Tie a Yellow Ribbon on the Old Oak Tree," to help pass the measure.

They're asking supporters to display a green ribbon prominently somewhere in the front yard of their home. The pro-referendum committee also is seeking donations of at least \$1 each to buy the ribbons and defray other campaign expenses.

The committee is going to extra and innovative measures to increase revenues. Voters are being asked to approve an increase in the education fund of 50 cents per \$100 assessed valuation Tuesday, March 18, the same day as the primary election.

A school asking for more money is a common occurrence, but what is unusual about the Grayslake situation is that the high school education rate has been the same for more than 25 years. No other high school district in Lake County has this record of rate stability. School officials and backers of the 50 cent increase are stressing that the change is necessary to provide additional revenue because prospects for increased valuation are minimal. Fortunately, the enrollment pattern is pretty static which means that increased revenues could be put into betterment of programs and services.

On face value alone, it is difficult to argue against an increase in the education rate given the Grayslake circumstances. It is equally difficult to conceive of any side issues at this point that would dictate a negative stand.

Letters To The Editor

Corrupt Grant?

Editor:

How is it possible that Grant Township, one of the smaller townships in Lake County, has more corruption, dope dealing and political wheeling-dealing, than all the other townships in our county put together? It is hard to believe that the people who now hold a leadership position, as they have for many years, have no knowledge or possible involvement in some of the things that we read about in the newspapers. Baloney! These same people are now running for county office. Grant Township is the political garbage can of Lake County. Almost everything in it is trash. Be glad there are public servants like Norm Geary.

Chuck Paulsen

"Thank God for Fox Lake and Western Lake County." It would be hoped that Sheriff Babcox, in view of the problems that Fox Lake is having, will change his attitude, especially with his reelection coming up. I agree with your editorial that Sheriff Babcox is a good sheriff and should keep politics out of his department. It could only hurt his reelection efforts. I hope that some of the people that he is supporting do not pull him down. Good sheriffs are hard to come by.

Buses To Wisconsin

Editor:

As a mother of teens, I have a concern that I feel is shared with many other moms. It is the fear of our 19 and 20-year-olds going up north. What to do about it?

My husband and I viewed the situation one evening. To our surprise, the place was packed. There was standing room only and we did not see one of those teens drunk, disorderly or wild. Believe it or not, they were dancing non-stop. You couldn't see the floor for the people.

I've talked to my teens and I can't persuade them not to go across the state-line. Where else can they go?

The worst fear I have is driving there and home. When teens get to be 19 or 20 they won't let their parents drop them off or pick them up. Isn't there any solution to this problem?

Maybe we could have buses that would leave from surrounding areas, drop the kids off and then pick them up at a certain place and a certain time. Who knows, we may save some of our children's lives! Those that are going to go across the State line just to drink are going to do that anyway. At least, we wouldn't have to worry about them killing themselves or someone else! Any ideas?

Smelly Smokers

Editor:

I'm putting in a plea for this area to get non-smoking restaurants, non-smoking bowling alleys, grocery stores.

It's sickening to shower, put on clean fresh clothes, then go to work or anywhere with careless people lighting up their smelly cigarettes and cigars. They don't care where their smoke goes.

Don't smokers know how gross they smell? Their hair, their clothes, their breath. Why do people want to smell like that? They hurt the ones they love, endangering the precious lungs of their children.

If people can go without smoking during a movie or church, they surely can go to a restaurant for an hour or two without their stinky habit. Please ban smoking.

Editor's Viewpoint

Anderson Offers Answers; Begets More Questions

by BILL SCHROEDER

Pat Anderson, candidate for a Republican nomination for the Lake County Board from Dist. 4, is working hard to erase uncomplimentary labels and dispel negative voter perceptions. The score at this point as the March 18 primary approaches is that he's both winning and losing, but credit him for trying hard no matter how his candidacy is viewed.

The fact that a number of voters in Avon Township look upon him as a "job hopper" because it has been less than a year since he was elected to a four-year term as township highway commissioner is causing Anderson no little discomfort. "I was on my last job 16 years. How can anyone call me a 'job hopper'?" he retorts.

The boyish looking politician is offended by charges that he was handpicked to run for the \$27,500 a year highway job by Avon political leaders and given red carpet campaign support by the same people. "They knew I was going to run for the job with or without their support. I didn't make any commitments about the future," Anderson contends. The facts are that town board members, led by Supervisor Norman Geary, anointed Anderson, whom they viewed as a qualified and electable candidate, to claim the post and brush away clouds of scandal hanging over the position. Anderson says that his narrow defeat for the job four years before winning the election, coupled with the awareness that he would run again with or without help, rules against the view of being an "ungrateful son" or turning the tables on friends who put him into office.

Anderson saves most of his indignation for

charges that he was a Geary protege or that the veteran political leader, who is one of Anderson's opponents for the nomination, was his mentor. "Norm knew from the start that I was interested in advancing myself in public office," exclaimed Anderson, who was scheduled by Geary to be his campaign manager for reelection before deciding to run for the office himself.

To further explain the surprising turn of political events in the district including Antioch, Avon, Grant and Lake Villa townships, Anderson hints at the thought that one of the reasons prompting him to enter the six-way race is that Geary didn't choose him to be his running mate. The suggestion raises more questions than answers.

The curious falling out between the senior and junior politicians and one-time allies is providing the ingredients making Dist. 4 one of the most interesting battlegrounds in Lake County this spring. The outcome of the Anderson vs. Geary match is sure to make for a turning point in local politics.

Giving A Pet As A Gift Takes A Lot Of Thought

by CHARLENE WHITNEY

Valentine's Day is just around the corner. There will be pets given to loved ones on this day. Hundreds of kittens, puppies, birds and other types of animals will be given as gifts from the heart. This is such a warm, touching gift—if it is what the recipient really wants.

All too often the person who gets the pet doesn't know how to care for it, may not really want it, or just can't keep it. Perhaps this person or a member of the family is allergic to it. Find out first before buying.

The best idea is to have the person who is to receive the pet go along with you to pick it out. You could give them a book on the care of this type of pet, along with a note that you'll be giving them this pet. This gives the recipient a chance to say, "No thanks," or just to learn about the pet's needs beforehand.

It is far better if the owner has a chance to get ready for the new arrival. The owner will find it easier for him or her and the pet to have all the needs set up before the pet arrives. Examples of

these are a cage, dishes, bedding, collar and leash. The recipient may even want to block off a certain room for the pet.

Check ahead of time to make sure that pets are allowed if it is rental property. Even some places that are owned, such as in a trailer court, may have rules about pets. It's sad to receive a gift of love, and then have to give it away.

Getting a healthy pet is most important. Check out several places and ask a couple of veterinarians to recommend a place. Ask

friends and relatives about their experiences. Check the newspapers for ads. Don't be afraid to ask questions. You should be able to find good breeders and just what you

Pet-Wise

are looking for.

Make a list of questions to ask the breeders. Make a list of things you want to check out about the health of a new pet. Make sure that you get

the proper papers and receipt needed. Then take the pet right to your veterinarian for a full check-up. Don't wait on this because it could make things more complicated later if there is a health problem.

As for the owner-to-be, he or she must think it through carefully. A pet takes time, energy, money, responsibility and becomes a member of the family. It will be around for years. If you really don't know how to care for it, read and learn what you can before the pet is purchased.

Overweight Children Often Stay Overweight

Question - Is an overweight child (age 5 to 12) likely to become an adult with a weight management problem?

Answer - Statistics show that fat children often become fat adults and nearly three-quarters of overweight teens become overweight adults.

There are several preventive measures that can aid in controlling childhood obesity:

1 - Control dietary intake just as you do bed time and T.V.

2 - Balance food intake with exercise and activity.

3 - Avoid fad or starvation diets, but limit fats and sugars.

A) Fried Foods once a week as a treat.

B) Natural sugar foods substituted for refined sugar treats and desserts.

4 - Encourage food intake as nourishment not for reward or celebration of accomplishments.

5 - Evaluate your own eating pattern and dietary intake. Changes most likely will be helpful for both you and your child.

6 - Allow the child to be as active as possible in planning his or her dietary intake and eating pattern. Give positive support and encouragement.

7 - Increase water intake especially between meals and about twenty minutes before a meal.

8 - Encourage small balanced (protein and complex carbohydrate) meals in place of frequent snacking with finger foods.

9 - Watch for trigger situations for overeating or particular trigger foods such as refined sugars, bread, or cheese. Once these are identified, find alternatives and substitutes.

10 - You should serve balanced size portions on the plate, discourage family style serving and second helpings.

11 - Establish a list of non-food treats to use for important periodic rewards. Remember, extra hugs, attention and individualized time are longer lasting and often more beneficial rewards than any food or material item.

Various studies have shown that a major factor involved with childhood obesity is lack of time management training. Developing eating habits of freedom to eat anything at any time leads to relating eating with

boredom and sedentary activity such as T.V. watching.

It has also been shown that children learn to refer the type of food they eat for a period

of time. For example, a physical craving and dependency can be developed for a type of food consumed daily over a prolonged period of time. Also, kids can grow to like salads and vegetables if the daily example is present and emphasized.

Your attitude is important to how your family reacts to your selection of food. Tell them why you are preparing a given dish. Remember, while discussing the reasons for your diet menu, the choices of eating your selection should be voluntary instead of forced or expected.

I found low-fat homemade dips to be useful in introducing unknown raw vegetables to my family. For example:

Vegetable Dip

1 small carton of plain yogurt
2/3 cup "Lite" mayonnaise
garlic powder to taste
chopped onion to taste
1/2 teaspoon anchovy paste - Optional
2 teaspoons herbal seasoning
Mix well together and chill before serving. This dip will wilt sooner than one with sour cream and does not keep well for prolonged un-refrigerated time.

Pilots Undergo Strict Physical Examinations

Many people are not aware of the strict and thorough physical requirements that pilots must meet before they are permitted either to fly by themselves or to engage in the transportation of passengers. The Federal Aviation Administration (FAA) monitors this problem vigorously and selects only certain physicians to serve as aviation medical examiners. It is reassuring to know that every pilot must have excellent hearing and vision as well as normalcy in other physical areas. For instance, a pilot who has a history of kidney stones must be evaluated very carefully as to his past history and also to the possibility of having any current problem. Physical defects like heart trouble or lung deficiencies must be thoroughly evaluated and ruled upon. Pilots are encouraged to avoid smoking entirely and certainly to avoid any alcohol intake for at least 24 to 48 hours prior to their piloting any aircraft.

We have all noted the recent unusually high number of aircraft accidents. In most instances, these mishaps do not seem to point to human error. This speaks well for the scrutiny that pilots are given when they have their current annual physical examinations. Such examinations are extremely detailed and involve every

system of the body to include particular emphasis on eyesights and hearing, with special testing to identify any particular problem that may have developed.

Physicians designated by the Federal Aviation Administration are selected with care usually related to

experience and some background in flight medicine. In each geographical area one of these physicians is usually readily available to handle the requirements for flight physicals. This information can be obtained in the State of Illinois by calling the regional FAA agency.

Drown Blahs With Fruity Punch Recipes

I had brunch at the supermarket and it didn't cost me a dime.

I was shopping. I was snacking.

At the deli section, I bought a pound of ham while I picked off several cubes of Swiss cheese at the counter. Maybe it was more than several.

Near the meat display case, I woffed two chunks of smoked turkey after I purchased four extremely large drumsticks. There were no strings attached.

Not far from the check-out lanes, I sampled canned pilchard on crackers.

It's the sardine of the Pacific," the woman said, not looking up. "It has less sodium than tuna, less cholesterol, less"

All the while she was mixing a batch of the canned fish with a jar of mayonnaise.

"What are you going to do when you run out of mayo?" her assistant asked.

I didn't wait for the answer. I headed home, ready for a little liquid refreshment.

I must have missed the pineapple juice lady. There was a card table and cups set up, but no juice.

Pineapple Eggnog

1 can (1 lb.) pineapple chunks, chilled
2 cups eggnog, chilled

1/2 cup brandy
Nutmeg to taste

Drain pineapple, reserving liquid, and combine with eggnog in blender at high speed until smooth. Stir in pineapple juice and brandy. Yields about four cups. Pour into small glasses and sprinkle on nutmeg.

Pilot Light GREG MELIKOV

Tahitian Punch For 35

1 can (46 oz.) pineapple juice, chilled
1 can (46 oz.) orange-grapefruit juice, chilled
2 quarts lemon-lime soda, chilled
1 pint lemon or lime sherbert
In large punch bowl, stir in juices and carbonated beverage. Spoon in sherbert and serve immediately.

Victory Expands Services

In response to increasing numbers of requests for home care, Victory Memorial Hospital of Waukegan is expanding its home health care services beyond those covered by Medicare and Medicaid.

Harmony Home Health Care of Victory Memorial Hospital is now offering custodial services such as homemakers, companions, live-in help, bath programs and private duty nursing.

"Custodial services can include assistance with personal hygiene, light housekeeping and meal preparation. Sitters and companions are also provided," says Patricia Timmons, R.N., director of the program.

"These services are often needed when support from family and friends is limited. They are generally not covered by insurance, Medicare or Medicaid. So

these services are offered on a private pay basis. When skilled services are necessary and ordered by the physician the client's insurance coverage will be screened. Insurance companies may cover or private

billing can be arranged," Timmons explains.

Additional information about costs, needs, or individual cases may be obtained by calling (312) 360-4206.

RVs Allow Travelers Home Life On The Road

"We can travel together and visit any place we wish, stay as long as we want and it's like living at home." That sentiment is felt by RV owners around the country. Over seven million U.S. households are included in RV owner ranks. With the relaxing of finance interest rates, many would-be owners are sharpening their pencils, seeking 1986 price opportunities. There's over 20 percent growth record since 1980, when the RV family total was 5.8 million.

For detailed information about the 1986 models, some 400 RVs will be on display at the

18th Annual Chicagoland RV and Camper Show. It begins Friday, Feb. 21 and continues through Sunday, March 2. Held at O'Hare Expo Center in Rosemont, the 10-day exhibition opens at 3 p.m. weekdays and 11 a.m. weekends.

A featured extra attraction will be the free, Street Theater Show. Repetitive 15-minute weeknight performances are designed to please all ages. The theater's goal is to raise funds and food for the needy. The entertainment show-van will be on display when not in use by performers. Programs

provide sit-down entertainment for showgoers. Gate admissions are \$5 for adults and \$2 for those 13 and under. Additional information is available by calling (312) 934-8300.

From RVs, a motorized traveler's step-up in size may be to motorcoach. Tours are offered throughout the country and counter balance a long and lingering winter. Some travelers will choose the longer, sunshine trips with temperature temptations. But shorter, two-day get-away trips are available to points like Lake Geneva, from

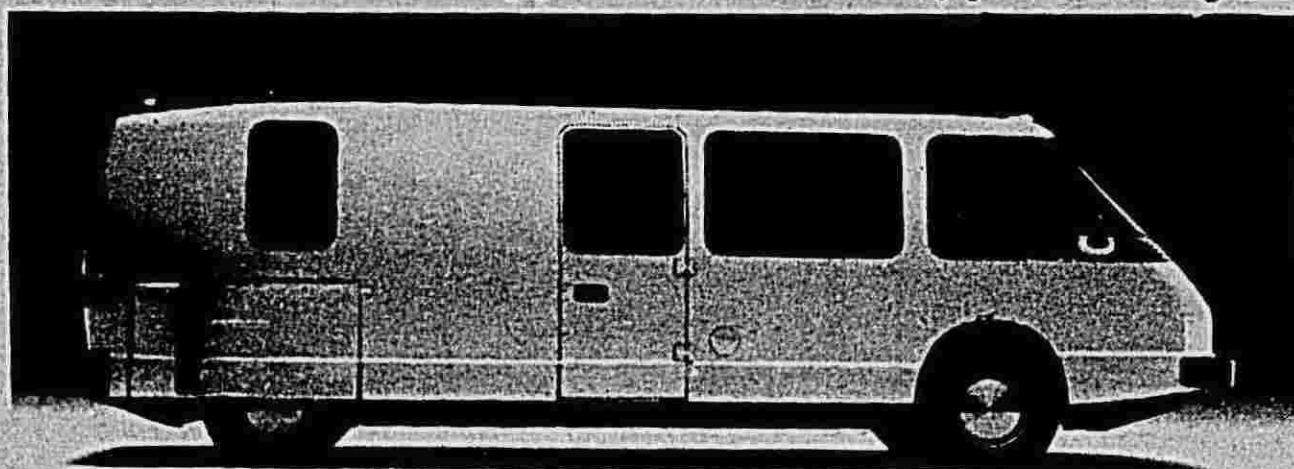

add to an evening's pleasures. Then back to the resort-lodge for overnight. A breakfast buffet may be followed by the scenic return route with, perhaps, a stop for shopping at the turn-of-the-century styled village of Long Grove.

Other ever popular spring tours include Cherry Blossoms in Washington, D.C., Tulips in Pella, Iowa and Holland, Mich.

Many tour buslines are combining road, air and water into trip plans which permit distant destinations in compact time capsules. Also, short tours of an educational nature are featured for youth and student groups on a one-day basis. Caves, ranches, beaches and theme parks are found within a hundred or less miles of suburbia.

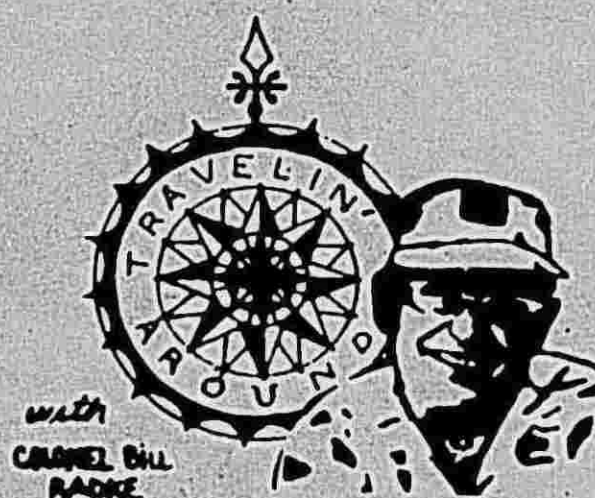

For short trips on your own, the Geneva Lakes Area in Walworth County, Wis., is threaded with famous lodgings and eating spots among outdoor activities for personal preferences or group attractions.

Still on our own and going further north, there is a new Inn On Maritime Bay, overlooking Lake Michigan in Manitowoc, Wis. It's offering get-acquainted, economical winter packages of overnights, weekends or longer. Attractive arrangements for newly and not-so-newly-weds, include a fun money bonus for inn refreshments. Special plans invite children under 18 to stay without charge, in their parent's room.

Travel Elegance

Motorhoming is getting to be a more popular mode of travel all the time with designs becoming more aerodynamic. Along this line is the new Vixen, a 21-foot long, high mileage, amply-powered motorhome. The Vixen is constructed of reinforced fiberglass on a newly-designed rail frame in contrast to other motorhomes built to fit truck or bus frames.

Bridal Show Set For Feb. 14-16

Planning a reception, choosing a florist, deciding on a wedding dress - a lot of things pop into a bride's mind once he pops the question. Representatives from more than 20 stores and shops will offer information and advice for the bride-to-be at Lakehurst Mall's Feb. 14-16, bridal show.

"More than just exhibit booths," explained Brian Rasmussen, Lakehurst assistant manager, as he listed plans for fashion shows, cooking and beauty demonstrations, bridal prize giveaways and a unique bed-making contest for the bride and groom. "We want bridal planning to be a productive,

yet enjoyable experience," he said.

Brides and grooms planning 1986 weddings will be eligible for the grand prize drawing. In addition, during each fashion show those in attendance will also be eligible for a variety of bridal prizes. Over \$1,000 in bridal prizes will be given away throughout the three-day extravaganza.

For those still deciding on possible wedding fashions, daily fashion shows will present an array of bridal gowns from JC Penney, tuxedos from Henry's Formalwear along with

trousseau and honeymoon attire from a host of Lakehurst stores. These free fashion

presentations are scheduled for Friday at 7 p.m., Saturday and Sunday, at 1 p.m.

Class Actions Answer To Consumer Complaint

Have you ever been stepped on and damaged by a corporate giant, utility company or city hall? You knew you weren't alone, but still felt as powerless as David against Goliath.

A class-action lawsuit could be your slingshot. Such suits have been winning headlines and restitution for the "defenseless" little guy.

Individual users injured by using the Dalkon Shield, a birth-control device, collected massive liability awards from the maker, A.H. Robins Co., through a class action.

To know if your complaint is eligible for a class action, you must answer yes to four basic questions:

-Are the individuals involved so numerous and/or so geographically dispersed that it's difficult to bring all of the injured parties before the same court?

-Does each case share with the others an overriding common question of fact or law, such as negligent manufacture of a product or group poisoning by salmonella?

-Are the claims of class representatives typical of other class members, even if they are not identical?

-Is the class action the best way to enforce the common good of the public? The federal test for class actions requires that the action be a "superior" method for a fair and efficient resolution of the issue. Some states have less stringent requirements.

Four yes answers make your case a good candidate to start, or join, a class-action suit. First, however, do some homework. Check to see if someone else has started the legal process rolling.

"Almost every state's attorney general's office has a consumer advocacy staff who track consumer complaints and class actions," said attorney Steven Schostok of Chicago-based Laser, Schostok, Kolman and Frank. His firm represents dozens of

defrauded Fortune 500 chief executives in a class action to recover property in California.

Other sources could be your local or state Better Business Bureau, consumer groups like Common Cause, and even the company itself. Robins, for example, was ordered to advertise internationally that all users of its product may file as part of a class-action suit.

If there is no pending suit, it may be time to enlist the aid of an attorney. There are, however, costs and risks:

-Even though lawyers' fees in class-action suits typically are contingent upon the success of the case, and must be approved by the court, some attorneys will require a cash advance as a retainer for costs.

A lawyer must do research before a court certifies the class in a suit. Just the act of getting that certification can be costly, and you have just begun to fight. But, the courts may rule against the certification and you could be out the initial monies paid to your attorney.

Some of the expenses that have to be paid include: research or discovery costs, filing fees and the cost of meeting the requirement to notify other members of the class.

-Class actions may run into years of suits, appeals and counter appeals, especially if the stakes are high.

-Your rights are limited. To be a part of a class action, you must give up your individual right to sue. Simply put, if the award is smaller than you think is fair, you have no further recourse.

-Awards are smaller. Individual awards in a class action are generally much smaller than if the consumer sues by himself.

"People who go it alone often times believe that they will be more successful in their own actions than remaining part of the class," said Marvin Miller of Washlow, Chertow and

Miller, another Chicago law firm. Miller's firm is helping represent 160,000 policyholders of the failed Baldwin United insurance companies in a class-action that has dragged on for years.

Still, a class action may be the answer for the little guy who cannot afford the full costs of a legal war.

"If an individual is to bear all the costs of the suit, then it makes no sense to pursue it alone," said David Vladeck, staff attorney for the Washington, D.C.-based Public Citizen Litigation Group, an offshoot of Ralph Nader's consumer protection group.

Many times there is an alternative. A state government agency or a university law clinic may sue on an individual's behalf. "There are people who can help. Sometimes you just have to be creative to find them," said Vladeck.

Consumers' pleas to simplify product liability collections has prompted Congress to draft a bill that would give victims the option

First National Bank Introduces IRA Club

The First National Bank of Waukegan has created a new program to allow customers to create and add to Individual Retirement Accounts (IRA) through use of a coupon book.

The bank's Club Coupon Book program allows a customer to open an IRA for as little as \$40 and add to the account in amounts as small as \$10.

All wage earners—even those currently covered un-

der a company pension plan—can save on their current taxes while setting aside funds to supplement Social Security and future pension benefits.

A person can deposit up to \$2,000 each year into an IRA account. If the person's spouse is employed, he or she can contribute an additional \$2,000. Married couples with one wage earner can set aside \$2,250.

Those interested in the

First National Bank of Waukegan's new IRA Club Coupon plan may call the bank or visit either its downtown Waukegan or Gurnee office.

With its main office at Washington and Genesee Sts. in downtown Waukegan, and its Gurnee office on Rte. 41 at Delany Rd., The First National Bank, founded in 1852, is Lake County's oldest financial institution.

Warren Wins NSC Championship

by STEVE PETERSON

Darrel Bader now has the same problem Mike Ditka did in November.

After notching their North Suburban Conference boys basketball championship with plenty of time to spare, motivation becomes a possible problem.

Warren's Blue Devils edged Mundelein 51-49 in overtime Feb. 7 and Zion-Benton in regulation 36-34 the next day. The wins represented consecutive victories nine and 10 for Warren, giving the Blue Devils an impressive 18-4 overall record, 14-1 in NSC play.

"I told the kids, 'Congratulations. It feels great to be on top,'" Bader said after the heart-stopping win over Mundelein secured at least a tie for first place.

The games begin to be unnecessary for the Devils starting with the Feb. 14 when Warren hosts Lake Forest at 8 p.m.

The game at Mundelein

featured fans dressed in Hawaii garb, a furious late rally by the hosts and some clutch play in the overtime by the visitors.

The Mustangs took Brian Jarrell out of the Warren scoring attack, holding him to just nine points.

Guard Joel Elfering picked up the slack, however, scoring 15 points on six field goals and five of six from the free-throw line. Bob Bell added 12 for Warren.

"That's what we've been doing all year long. We play six deep and Al Davis, our center, was not feeling well, so we had to go with Russ Nolan. Russ did a great job on defense tonight on Retzinger (Jay, Mundelein's center) and Joel carried us on offense," Bader said.

As far as Mundelein coach Dennis Kessel was concerned, the game was decided by officiating.

"They were intimidated

by Warren. That was the difference in the game. They (Warren) were able to by physical and we weren't. You saw the Warren kid slam the ball on the floor and no technical was called. It's tough to be aggressive when you have to be careful," Kessel said.

The Mustangs' skid continued Feb. 8 when they were dropped from second with a 55-53 loss to Lake Forest. Mundelein is 8-7 in league play, 10-11 overall.

Matt Clemons led the Mustangs with 20 points against Warren, but was the only player to score in double figures.

A nine-for-11 shooting for the Blue Devils turned a halftime tie into a 42-32 lead going into the fourth quarter. The shooting spree from the field included five in a row. Elfering's fade away with one second left gave the visitors a 10-point cushion. Warren's shooting

strength quickly turned to a weakness in the fourth quarter. The Blue Devils missed their first three shots from the floor, allowing the Mustangs a chance to get back into the game.

The hosts obliged. A bucket by Clemons brought Mundelein to within four, forcing Bader to call timeout with 5:37 left.

A Nolan layup made it 44-38 Warren, but the Blue Devils then went into another cold spell. They did not score for another 1:30 when Pat Kowalski regained the six-point lead.

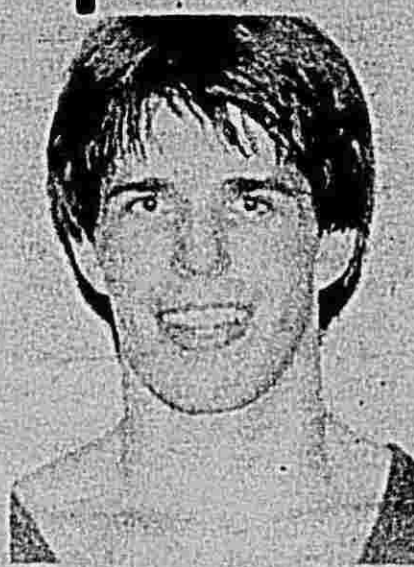

The next dry spell almost cost the Blue Devils the game.

They did not score until Elfering hit two clutch free throws with 28 seconds left. Mundelein cut the lead to two twice and tied the game because of a Warren turnover.

The Blue Devils threw the ball away while looking for Elfering on a fast break.

Clemons missed a free throw—a Mundelein weakness all night as the Mustangs missed 7 of 12 tries—but Joe Wiener outmaneuvered two Warren players to grab the rebound and put home the easy bucket for a 48-all tie after regulation.

After a delay offense to start the overtime, Elfering's layup made it 50-48 Warren with 1:27 left. Jarrell then hit one of two free throws with 50 seconds left for the 51-49 verdict.

Joel Elfering

Seek To End Streak

If only Mundelein's boys basketball team could win a few close ones.

Then coach Dennis Kessel would have positive things to say about this year, instead of the "what ifs".

The Mustangs dropped to under .500 at 10-11 overall, 8-

7 in the North Suburban Conference, with two close losses last week. The Mustangs lost to Warren 51-49 in overtime before losing to Lake Forest 55-53.

The Mustangs host Libertyville at 8 p.m. Feb. 14 and Feb. 18 at 7:30 p.m. to close out the regular season.

Panthers Stay Within Reach Of NWSC Title

Round Lake stayed close to conference-leader Marengo by defeating the Lake Zurich Bears 58-51 Feb. 7.

The Panthers have three Northwest Suburban Conference games remaining, including Johnsonsburg Feb. 13 (away) and Grayslake Feb. 21 (away). They were scheduled to play the Wauconda Bulldogs Feb. 11, but results were not available at press time.

Round Lake, along with Warren of the North Suburban Conference, has the best overall record in Lake County at 18-4. In the

Northwest Suburban, the Panthers are tied with Lake Zurich for second place with an 8-3 mark behind Marengo, who has a 10-2 mark.

Against Lake Zurich Feb. 7, the Panthers' leading scorer Frank Ptak was held to a minimal two points, both of those coming at the free throw line.

Seniors Doug Sparks and Greg Kreitner picked up the slack though as they scored 14 and 17 points respectively.

The game was deadlocked at 12 after one quarter of play, but the Panthers managed to go up by four at the half, 30-26.

The third period was also evenly matched as both squads scored 12 points to make it 42-38 going into the final stanza, which is when the Panthers put the game on ice.

Round Lake outscored the Bears by three (16-13) to make the final score 58-51.

This was a must win for the Panthers as they lost earlier in the week to the Grant Bulldogs. A loss against Lake Zurich would have realistically eliminated the Panthers from the Northwest Suburban Conference race.

CLC Women Win 48-39

by JOHN PHELPS

College of Lake County women's basketball team proved to Waubesa that they are a team to be respected, as they stopped the Chiefs 48-39 Feb. 4.

The Lancers trailed at halftime 23-21, despite an outstanding 17 rebounds by Jennifer Munda. However, Lake County got the tran-

sition game into full gear by switching offenses and defenses at halftime. This is when the Lancers took control of the game.

Lisa Tylkowski and Jennifer Munda combined for 35 of CLC's 48 points to put the Lancers in front midway through the second half to stay (Tylkowski had 18 and Munda 17).

Head Coach of the Lan-

cers, Chuck Chraumm, commented that "The change in our offense and defense at halftime was the key. We were getting some great outlet passes (off the rebounds) that helped us move in front."

The Lady Lancers, now 4-3 in the Skyway and 10-8 overall, play Wright Thursday in a key Skyway Conference game.

Corsairs Taking Aim At Possible 2nd Spot

Carmel has everything going in the right direction to finish out the season with five straight conference wins and a possible second place finish in the East Suburban Catholic Conference.

The Corsairs have developed a balanced offense, Senior Guard Rod Whittier is at the peak of a brilliant prep basketball

career and 6-2 Senior Forward Scott Peterson has developed into the league's top inside "short man."

No. 4 in a row will be at stake at 7:30 p.m. Friday, Feb. 14 in a rematch with second place Marist at Mundelein. The Corsairs will be out to avenge an earlier season blowout when they

played Marist on the south side of Chicago.

Saturday night Carmel entertains Weber, another Chicago powerhouse, in a non-conference game.

Whittier, who has been a hardwood leader ever since learning the game at St. Gilbert School in Grayslake, paced the Corsairs in a 68-58 victory last Friday night

against St. Patrick in Chicago.

Rod put down an amazing variety of shots along with a steady flow of razor-sharp passes to open teammates. Whittier closed out Carmel's scoring with a behind-the-back feed for the Corsair's final basket.

Jumping, twisting and penetrating, Whittier laid claim to all-conference honors against the taller Shamrocks in a game that was closer than the final score indicates.

Peterson posted 15 points for a personal high, most of his six baskets coming by out maneuvering St. Pat's big inside men, Doug Borders,

who led all scorers with 24, and Steve Budzinski.

Rodney Lambright had 13 points, six less than Whittier's Corsair high for the evening that saw Carmel taking a 34-33 halftime lead which they never relinquished.

Carmel is 7-5 in the ESCC, a game behind Marist.

Grant Wins NWSC

The more things change, the more they stay the same.

Such was the case at the Northwest Suburban Conference wrestling meet Feb. 8. Although host Johnsborg gave traditional powerhouse Grant a run for its money, the Bulldogs prevailed once again.

Grant won the meet with 199 points while Johnsborg had 172. Round Lake was third with 129 points.

The totals then dropped off as Lake Zurich had 78, Wauconda 74 and Grayslake 71. Marian Central was seventh with 60 and Maengo last with 16.

The 1986 champions by weight class: 98 Kevin Seiwert, Lake Zurich; 105, Keith Greca, Grayslake; 112, Scott Sutton, Grant; 119,

Manuel Mata, Round Lake; 126 Jim Walker, Johnsborg; 132 Randy Alex, Grant; 138, Joe Laubinger, Round Lake; 145 Brian Catalano, Grant; 155 Kerry Hagen, Grant; 167, Rich Powers, Marian Central; 185 Jim Wanhala, Grant and heavyweight, Bob Bentz Johnsborg.

TIME OUT!

A Look At Sports Around Lake County

By Joel Wiltberger

As a fan who follows high school basketball, I'm constantly amazed at the inconsistency of officiating throughout the county.

Coaches will say they just have to adjust to the type of game being called and that's true in a sense—if the officiating is consistent.

Having officiated youth and park district sports myself, I know how hard a job it is, even at those levels.

In order to be a good official you must have knowledge of the rules, you must be in position to make judgement calls, and above all, you must hustle.

If a coach sees an official hustling, trying to get into position to make these calls, the less chance there would be in him disputing the same.

Every effort should be made to assign the better officials to important games being played throughout the county each week and I wonder if this is being done.

These games should be decided on the floor between the coaches and players, not by second-ranked officiating. Maybe the time has come to add an extra official to conference games. I wonder how many coaches would be in favor of this.

A LOOK AROUND THE COUNTY:

Congratulations to Coach Darrel Bader and his Warren Blue Devils (14-1 in conference and 18-4 overall) for capturing the crown in North Suburban Boys' Basketball.

Round Lake (8-3 in conference and 18-4 overall, leading the county along with the Blue Devils) still has a shot at the Northwest Suburban Title as they trail Marengo (10-2 in conference) by one game with three remaining to play.

A look at the Lake County prep wrestling honor roll finds three undefeated wrestlers—at 98 lbs., Glenn Nyquist, Libertyville (26-0-0); 112 lbs., Chris Gopen, Waukegan West (24-0-2); and 185 lbs., Jim Wanhala, Grant (31-0-0).

Coach Julie Cadieux and her Warren Blue Devil Bowling Team will be going to the IHSA State Tournament in Peoria this week.

Cathy Hotch, Sue Sturtevant, Dawn Cruse, Lyn Arvidson, Julie Camarato and Karla Pilcher led the Blue Devils to the sectional title last week in Round Lake.

Grant's Tracy Niewiedzial, Round Lake's Tina Scharfenorth and Grayslake's Kerry Caraher also qualified for the individual state competition.

A very special person in our lives suffered a serious stroke a few weeks ago and is fighting his way back ever so slowly. Keep hanging in there, Dad. We love you very much.

Skyhawks Feast

The Johnsborg Skyhawks defeated the Wauconda Bulldogs at Johnsborg by a score of 66-61 on Feb. 7.

The leading scorers for the Skyhawks were Bill Dust with 23 points, Ron Sztat with 19 and Mike Toussaint with 14. Sztat led the team with rebounds with 16 while Tim Shine had 9.

Coach Doug Hoffmeister said that he was pleased with the overall performance of

his team. The Skyhawks made 26 of 53 of their shots from the field and 14 of 25 of their shots from the line.

"Our shooting was not as good as we need to be," said Hoffmeister, "but it got the job done. All in all it was a well played game."

The Skyhawks are scheduled to play Marengo at Marengo on Feb. 11 at 7:30 p.m. They will play Round Lake at home on Feb. 13 at 7:30 p.m.

To Hold Meeting

The Waukegan Park Dist. will be holding it's 1986 softball organizational meeting at the Belvidere Recreation Center, 412 S. Lewis Ave., on

Wednesday, Feb. 26, according to the following schedule: 7 p.m., men's leagues; and 8 p.m., women's and co-ed leagues.

Rams Face Marengo In Hopes Of Recovery

by DAN G. O'SHEA

The Grayslake Rams were in an offensive rut the past week as they dropped their Northwest Suburban Conference basketball record to 4-6.

The Rams were scheduled to try and straighten things out against Grant Feb. 11 and then travel to conference-leading Marengo on Friday, Feb. 14.

Grayslake's conference record went to 4-5 in a 60-46 loss to Lake Zurich Feb. 5. No Ram scorers finished in double figures as the Rams missed 28 shots within the lane.

Guards Tom Castino and Kelly Bye, and forward Bill Sangbusch had eight points each. The three combined to go 8-8 on free throws. The Rams were 13-15 from the line overall. Jeff West and Andrew Flood scored seven points each.

Head Coach Greg Groth said this game was better than the 68-41 disaster in

Lake Zurich Dec. 13. "We did what we wanted to. Randy Reidel had a nice game coming off the bench. But they're just too big."

Sangbusch and West had six rebounds each, while Flood grabbed five.

The Rams next suffered a 51-50 loss at Marian Central Feb. 7. With Marian leading 50-48 and six seconds left in the game, Bye took a 15-footer that was blocked by 6-5 Mike Wozny and knocked into the hands of Jim Hartlieb, who was fouled by the Rams with one second left.

Hartlieb sank one of two free throws to put the game out of reach. Castino hit a 15-footer at the buzzer for the one-point loss.

The Rams offensive play was plagued by 14 turnovers in the first half and they never recovered. Flood led the scoring with a season-high 15 points, including 5-6 from the line. Sangbusch followed with 10 and Daryl Mackenthun had nine.

Groth was happy with Flood's performance. "Drew's really coming around lately." The 6-3 junior forward also had five rebounds. Sangbusch had nine rebounds to lead the Rams.

Groth thought the Rams played a pretty good game. "Foul trouble in the first half made us skeptical, but Eric Olson and Reidel gave us a couple of good performances off the bench."

The Hurricanes did a good job of keying on the Rams' scoring leader, Castino, who was held scoreless for two-and-a-half quarters. He finished with eight points.

Grayslake finished the week with an 8-11 overall record.

Castino has 242 points or the season in 18 games for a 13.5 average. Two others are in triple figures in scoring: West has 114 points and Bye has 101.

Bulldogs Put Losses Behind, Seek Victory Against Marian

The Wauconda varsity boys basketball team will be aiming for a lead over this week when they play Marian Central in an away game at 7:30 p.m. on Friday, Feb. 14. A day later, they will take on Grant at home starting at 7:30 p.m.

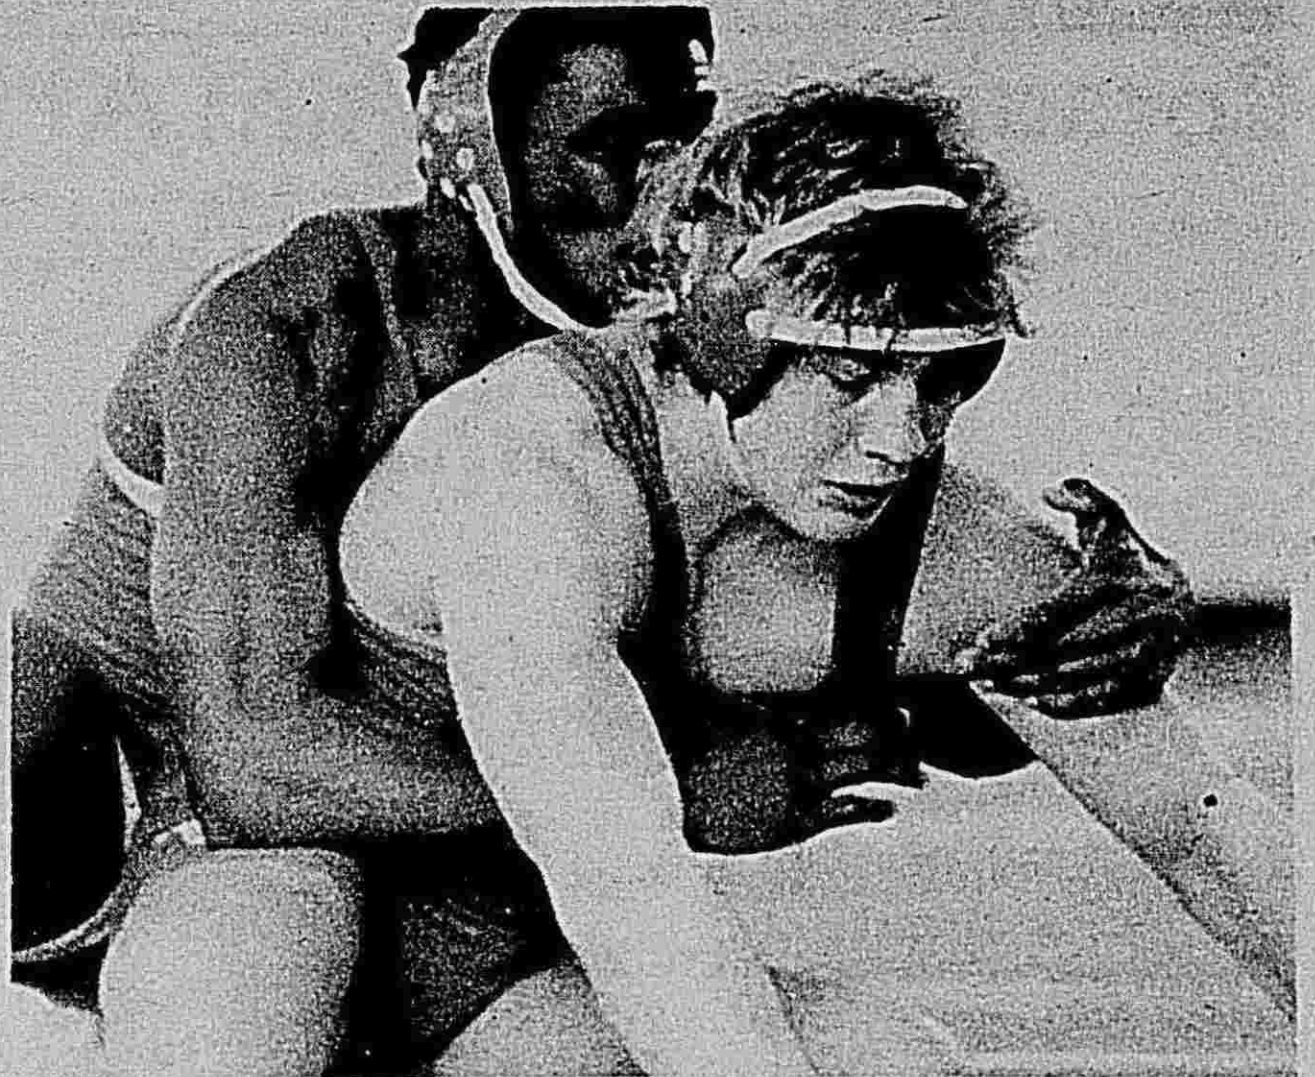

The Bulldogs fought hard against Johnsbury on Feb. 7, but were defeated by a five-point lead by Johnsbury, bringing the final score to 66-61.

Wauconda came up from behind during the second and third quarters after trailing eight-points early on. Their four-point lead during the middle two quarters was brief, however, by a few falters, again putting the Skyhawks back in first place.

The Bulldogs are currently 0-10 in the Northwest Suburban Conference and 1-18 overall. The Skyhawk rank 4-6 in the league.

Trailing 57-50 during the remaining 2 minutes and 38 seconds of the game, Wauconda broke the seven-point deficit to tie game 61-61. The Bulldogs missed their chance to tie the game again after Johnsbury scored a final basket, bringing score to 66-61.

Leading scorers for the Bulldogs were Elwell, 23, Thirtle, 13, and Nibbio with 11 points.

CLC Men Slam Chiefs

by JOHN PHELPS

The College of Lake County men's basketball team shut down the visiting Waubensee Chiefs, 99-77, Feb. 4.

The Chiefs made the game close in the first half, but the Lancers had 10-1 spurt that put them up 45-40 at half time.

Waubensee was led by Kevin Avery's hot shooting, as he scored 28 points. Consequently, Lake County's 1-2 punch of Greg Washington and David Tucker teamed up in the second half.

Tucker assisted three backdoor lob dunks to Washington that thrust CLC to a 15-4 spurt, thus putting them ahead in the second half indefinitely.

Washington had one of his best games as a Lancer as he scored 38 points, grabbed 18 boards and dished out six assists, while Tucker piled up 12 assists. Also playing an outstanding game was the hot-shooting Art Baker, who scored 26 points.

"Mr. Consistency," Dave Sitz, as defined by Lancer Head Coach Dr. Bruce Smith, played a vital role in the game with his passing,

rebounding and 13 points as the Lancers ran away from the Chiefs.

Mike Kloberdanz "killer instinct" instigated his usual aggressive inside play and excellent rebounding as he collected 24 boards on the evening.

"We played an excellent all-around game. The whole team is to be commended—I'm very proud of them," stated Coach Smith after the game.

The Lancers are now 15-9 overall and comfortably in front of the Skyway Conference with a 9-0 mark.

'Dogs Maul Panthers: Scalped By Indians

The Grant Bulldogs beat the Round Lake Panthers on Feb. 3, but a loss to the Marengo Indians took them out of title contention for the season.

The Bulldogs led for most of the game against the Panthers by an average of six points. Coach Tom Maple said that the tight contest was won on the free throw line where the Bulldogs hit 23 for 34 extra points.

Ron Richford had 16 points for the Bulldogs while Tom Barr had 11. Mike Kazlauskas had five assists.

The Bulldog's luck at the line ended on Feb. 7 when they lost to the Marengo Indians 62-72. The Bulldogs were able to hit only 16 of 29 shots on the line. Coach

Maple said that the Indians led for an average of 8 eight points throughout the contest and that the closest the Bulldogs ever came was when the score was 40-43 in the third third quarter.

"We had a shot at it, but we did not have the good freethrow percentage that you need to beat a good team like Marengo," explained Maple.

Tom Barr scored a phenomenal 33 points during the game hitting 14 of 20 shots from the field. Mike Kazlauskas also had a good game with 11 points, 8 assists, and 5 steals. Ron Richford and Tom Barr each had 10 rebounds.

"We played well both times, but we split," said Maple.

Maple said that the Bulldogs will continue to work for either a 9-5 or 10-4 season which Maple feels is a respectable record for a junior group.

The Bulldogs are scheduled to play Grayslake at Grayslake on Feb. 11, at 7:30 p.m., and will play Lake Villa at home on Feb. 14.

**NOTICE
OF SPECIAL MEETING OF STOCKHOLDERS
OF FIRST STATE BANK OF ROUND LAKE
TO BE HELD ON FEBRUARY 25, 1986**

To the Stockholders of First State Bank of Round Lake:

NOTICE IS HEREBY GIVEN that a Special Meeting of Stockholders of First State Bank of Round Lake, an Illinois state bank ("First State Bank"), will be held at the Bank's main offices at Avilon and Goodnow Blvds., Round Lake, Illinois 60073, on February 25, 1986, at 9:30 a.m. for the following purposes:

1. To consider and vote upon a proposed amendment to change the charter of First State Bank to extend the duration of its charter from 99 years to a perpetual duration; and
2. To consider and vote upon a Merger Agreement between First State Bank and FSBRL Bank, which is being formed as an Illinois state bank, and joined in by Round Lake Bankcorp, Inc. ("Bankcorp"), an Illinois corporation that will hold all of the shares of FSBRL Bank. The Merger Agreement, provides for the merger of First State Bank with and into FSBRL Bank, with the latter to continue as a wholly-owned subsidiary of Bankcorp under the same name as that of First State Bank. In the merger, each outstanding share of common stock of First State Bank will be converted into and exchanged for one (1) share of common stock of Bankcorp, or, at the election of each First State Bank stockholder, cash in lieu of share of Bankcorp; provided that not greater than 10% of the shares of First State Bank will be exchanged for cash; and
3. To transact such other business as may properly come before the Special Meeting, or any adjournments thereof.

The close, of business on January 20, 1986 has been fixed by the Board of Directors as the record date for the determination of stockholders entitled to notice of and to vote at the Special Meeting of Stockholders to be held on February 25, 1986, and any adjournments thereof.

Appoint Frederick To Council

State Rep. Virginia Fiester Frederick (R-59) has been appointed to the Citizens Council on Children by House Republican Leader Lee A. Daniels (R-Elmhurst).

The council is one of seven citizens advocacy councils organized under the new Citizens Assembly to provide a mechanism for citizen involvement on critical issues of public policy, following the elimination of most of the old legislative study commissions.

The council consists of 16 members—four appointed by each of the legislative leaders.

In announcing the appointment, Daniels said, "Virginia has taken a leading role as a children's advocate in the General

Assembly. Her expertise and her caring attitude will be important to this new Citizens Council as it begins work."

Members of the Citizens Council on Children will: 1. study the needs of all children and assist in planning for the improvement and most effective use of voluntary and tax-supported programs at the state and local levels; 2. study programs for children in Illinois and in other states, make reports and advise on matters relevant to the protection, growth and development of children; 3. assist in the coordination of the administrative responsibility and the services of the state departments and programs as they relate to the well-being of children; 4. make recom-

mendations on needed legislative action on behalf of children; 5. promote social service and vocational guidance, training and placement for children who are maladjusted to their home surroundings.

Frederick said she is looking forward to serving on the council. "When the commissions were abolished, the Legislature

recognized that a need still existed for special councils to study important issues. In my view, there are no more important issues than those dealing with our children. This appointment gives me the opportunity to continue my support for children, so that we can find the best ways to help them grow into responsible, well-adjusted citizens."

Slate 21st Dinner For LCCAP March 5

The 21st Annual Dinner for the Lake County Community Action Project (LCCAP) will be held on Wednesday, March 5, at the Illinois Beach Resort in Zion.

The dinner will center around the theme: "Our Youth: Our Future." Rev. Olen Arrington, pastor of the 2nd Baptist Church in Kenosha, Wis. and Lyons School principal in Waukegan, will be the featured speaker.

A group of young people from the organization "People Against Crime and Drugs (PACD)" will present an informational play.

The recipients of LCCAP's first annual scholarship awards will be honored. LCCAP's Volunteer of the Year will also be recognized.

A social hour will begin at 6:30 p.m. with dinner at 7 p.m. Persons interested in attending should contact the

LCCAP Main Office, 102-6 S. Sheridan Rd., Waukegan, (312) 249-4330.

Appoint Venita

Venita L. McConnel has been appointed to the Hospice Board of North-Eastern, Illinois, serving the area that is served by Good Shepherd Hospital of Barrington.

The board deals with recruiting volunteers, who are trained to care for the terminally ill and their families to make their last days more bearable for all concerned.

The volunteers also return after the patient has expired to further counsel the family on dealing with the loss of their loved one.

McConnel's responsibilities on the board will include working on raising funds for Hospice throughout the servicing area.

*We know how you feel
about your
high-interest
mortgage!*

*Now you can refinance, get a lower rate and
save on those monthly payments*

If you're holding a mortgage with interest of 13% or more, then you've experienced the frustration that accompanies every monthly mortgage payment. If your rate is an adjustable one, your frustration will no doubt intensify in coming years as your rate continues to climb.

Fret no longer.

Libertyville Federal is prepared to offer you an opportunity to start putting more of your monthly mortgage payment toward reducing your principal and less toward an expensive interest payment. The "opportunity" is the option to refinance at a lower rate.

To qualify, your home must be owner-occupied. Refinancing can be made for the sole purpose of reducing your monthly mortgage payments or to help finance home improvements, college tuition, or investment opportunities. Equity required will vary depending on the purpose of the refinancing.

Why waste your monthly mortgage payments on high interest, when you could refinance your home at a lower rate and put more of your hard-earned dollars into owning your home!

Stop by any of our four convenient offices for a free assessment of how your mortgage payments may be reduced. It costs you nothing and may save you a lot of money...and frustration!

BUYING A HOME SATELLITE DISH IS COSTLIER THAN YOU THINK.

Before you spend your hard earned money on a satellite receive dish you should learn the facts.

This year popular premium services like HBO and Cinemax will begin scrambling their signals with highly sophisticated electronic encryption devices.

And this new technique won't be

limited to just premium services.

Many basic cable channels like ESPN, MTV and CNN have announced their intentions to scramble signals.

What does this mean for satellite dish owners?

In addition to paying several thousand dollars for the purchase and installation of a receive dish, it will be necessary

to spend hundreds of dollars on descrambling equipment **plus** pay monthly service fees for each channel received.

Make your decision based on the facts.

HOME IMPROVEMENT TIME

Faster than ever, new microwave oven cuts cooking time even more!

If a homemaker cooks 21 meals a week for a family of four, she probably spends about 20 hours cooking with a conventional range. A regular microwave oven can reduce this to about 10 hours. A new microwave oven by Amana Refrigeration, Inc., can further reduce this to about seven hours. That could mean a savings of about 700 hours per year.

Watt about this!

Amana's new oven, its fastest cooking, most powerful oven ever for home use, delivers 1,000 watts of full cooking power that can cut cooking time by as much as 23 to 38 percent, compared to average home microwave ovens.

Amana has engineered a system that can deliver power previously found only in large commercial microwave ovens for restaurant use, yet it also provides evenness of cooking consumers want in their home cooking.

How it works

To deliver the 1,000 watts, Amana employs a more powerful magnetron tube than normally found in domestic microwave ovens and has modified its patented Rotawave® cooking system. At the same time, the company has kept the same compact cabinet characteristic of the Amana "RR Series" microwave

ovens.

Though the 1,000 watts of power offers the user unprecedented cooking speed, Amana's Model RR-1110 can also easily operate at conventional power outputs.

Also with the Amana Cookmatic® power levels, the oven may be adjusted to cook anywhere from a full 1,000 watts of power for the ultimate in cooking speed down to 10 percent power, as dictated by the recipes and the foods cooked.

For even more cooking control, Amana's Accutemp system can provide automatic temperature control. Once programmed, this system may be used to bring food up to virtually any serving temperature and either shut the oven off or hold the food at the desired temperature by cycling oven power on and off, as needed.

Special features

This Amana Radarange oven also features a large stainless steel oven cavity, pull-down door with window, patented choke door seal, and an attractive cabinet with a woodgrain appearance.

The Amana Radarange oven with Super Speed cooking is another in a long line of the company's microwave innovations.

In 1967, Amana introduced the world's first 115-volt, countertop microwave oven, the pioneer of today's microwave oven industry. Then, in 1975, Amana was the first to engineer microwave ovens with microprocessor controls and smooth touch panels.

COMPUTERIZING THE KITCHEN

If you're planning to remodel your kitchen within the next year, or build one into a new home, plan where you'll put the computer, the National Kitchen & Bath Association advises.

With so many children learning about computers in school and so many adults purchasing them for personal use, it's a matter of only five years or so before virtually every home will have one, the NKBA estimates, and a logical location is within the kitchen/family room area.

Terminal and screen can easily be built into a planning desk accommodated by existing outlets. Printer and support paraphernalia requiring the space of a large closet or pantry may also require a separate electrical circuit.

It's easier to make allowances in the course of a current remodeling than to remodel again in a couple of years.

Easy maintenance helps keep vinyl looking new

If you're fortunate enough to own a home with solid vinyl siding exterior, you don't need to be reminded of its many maintenance-free attributes.

By now, you've probably discovered that vinyl eliminates the need to periodically scrape, sand and re-paint. Since the color is molded all the way through, it will not peel, flake or show scratches. And, for the most part, dirt will wash off in a heavy downpour.

However, should you ever encounter a hard-to-remove stain, there are a variety of cleaning agents on the market that can restore your siding's finish to its original luster.

The Vinyl Building Products Division of CertainTeed Corp., of Valley Forge, PA, the nation's leading manufacturer of solid vinyl siding, replacement windows and soffit, suggests that you wash your siding with an ordinary, long-handled car-washing brush that fastens to a hose before applying any cleaning agent. Available at most auto supply stores, the brush lets you wash the siding as you would wash your car.

For hard-to-remove dirt such as soot and grime found in industrial areas, you should wipe the siding with a solution consisting of 1/3 of a cup of ordinary powdered detergent, 2/3 of a cup of household cleaner and one gallon of water.

Depending on their severity, stubborn stains may require the use of sol-

vents, cleaning fluids or acids. While this approach should work with vinyl siding, it's not recommended for a painted surface, notes Robert Maceda, director of marketing for vinyl siding products at CertainTeed. Light oils and greases, heavy grease, caulking compound, crayon, asphalt and tars can generally be removed with solvents such as mineral spirits, naphtha, or auto tar remover. Maceda suggests that a soft cloth can be used to apply cleaning agents after all excess residue has been scraped off.

You should avoid polishing stained areas by using too much pressure, he cautions, and be sure to rinse the area with water after the stain has been removed.

To remove ink markings, nail polish, paint, gum or lipstick, you might try Trichloroethylene (cleaning fluid). First scrape off any excess markings. Then apply the cleaning fluid with a soft cloth. Again, try to avoid polishing the stained area by applying too much pressure. After removing the stains, rinse the area thoroughly with water.

For rust stains, a solution consisting of one tablespoon of oxalic acid crystals (auto radiator cleaner) and one cup of warm water is recommended. The solution should be applied with a soft bristle brush, and wiped off with a damp cloth. The area cleaned should then be flushed with rust-free water.

Now's the time to make your dream kitchen come true at last

Today's consumers dream about bigger and fancier kitchens for their homes. However, according to reports from architects, today's typical homes are being built 50 percent smaller than they were five years ago. The result, in many cases, is a smaller kitchen.

Consequently, builders and architects face a new challenge in kitchen design—to create kitchens that do more in less space.

One way to help solve the problem is to use appliances that do more. Manufacturers are constantly updating and innovating new products to meet today's fast-paced lifestyles.

Working couples and active families look for appliances that save them space and time in the kitchen—appliances that help them prepare meals quickly and easily.

For the family on the go, as well as for those who

simply enjoy the art of cooking, the Converta-Cook™ modular cooktop from Tappan is one innovative appliance that offers a variety of ways to prepare food. By offering a varied selection of a la carte cooking options, this versatile cooktop becomes a culinary center.

Cooking flexibility is provided with nine plug-in accessories to choose from, including a self-basting rotisserie with hood, a griddle, a grill, three ceramic cooktops or open coil elements, and a cutting board. You can prepare anything from a gourmet meal to a quick barbecue, just by changing the cooktop.

In seconds, you can lift out last night's rotisserie and drop in this morning's griddle to make pancakes, eggs or bacon for a sunny start. Or, you can add to your counter space by dropping in the hardwood cutting board to slice vegetables or trim meats.

Anyone who likes to barbecue knows that lighting charcoal can be a struggle. With the cooktop grill, you can barbecue year-round right in your own kitchen without having to worry about the weather, smoke or messy cleanup. Chicken, steaks and hamburgers have that outdoor-grilled flavor while cooked indoors.

The powerful venting system captures smoke, odors and spatters while barbecuing, drawing them out of the kitchen. Remodelers have a choice of installing a downdraft vent in the center of the cooktop unit, or utilizing a ventilating hood over the unit.

Cleanup is a snap since all cooktop accessories (except electric elements) can go into the dishwasher. Storing accessories is convenient because they can easily be tucked away in a closet or cabinet.

Builders and homeowners in America are expected to spend \$18.5

billion this year on kitchens. If you're among the consumers in this group, consider your lifestyle and

needs before you spend. By installing a practical unit such as the Tappan electric Converta-Cook™,

you'll add an attractive, multi-purpose cooking unit and you'll save valuable kitchen space.

Easy way to bring back rustic look to kitchens

Remember when kitchens used to have that heavy masonry detailing? Here's an idea for the casual, warm appeal of an old-fashioned country kitchen.

Bring that rustic look of masonry back into the kitchen with an arched range hood. This design, inspired by early American country kitchens, serves as a beautiful surrounding for hanging pots and kitchen implements.

Do it yourself

That old country kitchen look can be possible without the mess, expense and weight of masonry with Z-BRICK brand facing

brick. And, you can do it yourself without calling in a contractor to totally rebuild the room.

The arch can be adapted to any room and ceiling height with a modest amount of carpentry skill. Building the arch is simple, and it is easy to finish it off with Z-BRICK.

First, you start by spreading a thin coat of Z-MENT Adhesive Mortar. Next, the bricks are applied by wiggling into place with a side to side motion, squeezing mortar into the space between adjacent bricks.

The mortar between

bricks is smoothed with a small brush for the third step. Finally, the mortar has cured for 24 to 48 hours, a coat of protective Z-SEALER is brushed on.

When properly applied, Z-BRICK facing brick is guaranteed for 10 years against fading, chipping, flaking, crumbling or separation.

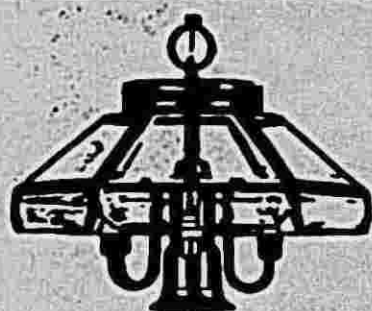

The Z-BRICK Company has prepared a more detailed set of plans to show exactly how this arch project is done.

(312) 356-2933

Ron Pratt, President of Budget Heating & Air Conditioning, Inc. explains why the Whirlpool Tightfist II High Efficiency gas furnace 96% AFUE would be the one to invest in.

If you are considering a furnace replacement or building a new home, listen to some advice from a pro of 27 years in the heating and air conditioning field, and knowing the problems other brands of equipment have when servicing and why he selected the Whirlpool line of heating & air conditioning equipment for Budget Heating & Air Conditioning, Inc.

Over the years, I have sold, serviced and installed almost every brand of heating equipment known, finding that most of those other brands we have to marry, meaning in case of failure or malfunction of a part, we would be at the mercy of those other brands exclusive parts and excessive prices. Now days, we have to charge high prices for service & repair of those other brands.

Now with Whirlpool it is a different story. Most basic parts on a Whirlpool Tightfist II High Efficiency gas furnace are Honeywell, easy to get, easy to replace, and reliable. Most suppliers in our area stock Honeywell. There aren't any circuit boards in these units.

In order to keep our prices down we have chosen Whirlpool, easy to service (no need to dismantle furnace to change a part) easy to get Honeywell replaceable parts. No need to pay an arm and leg for servicing a High Efficiency gas furnace.

So if you're in the market for a new furnace, air conditioner or humidifier etc. call Budget Heating & Air conditioning, Inc. and get the facts. We are the affordable heating co. (312) 356-2933.

How to give the aging bath a gracious lift

BY LIS KING

You needn't take out a hefty loan to give that aging bath a spectacular facelift.

So claims the Tile Council of America, an organization which has studied bathroom design for almost 40 years. Imagination and willingness to tackle do-it-yourself projects count more than cash, says the Council and backs up this statement with a series of ideas for affordable bath improvements.

• If yours is a really old-time bath, accentuate its age rather than hide it... particularly if it is Victorian.

Think of giving that footed tub new stature by raising it onto a tile-clad platform. Ceramic mosaics, those tiny tiles that lend themselves so well to

charming patterns and borders, would be picture-perfect for the platform.

Epoxy-paint the outside of the tub some rich, traditional color, perhaps burgundy or deep green, and add brass fittings. Now you're ready for a regal soak.

• Don't despair over old tile walls or floor in hideous colors. If they are structurally sound, you can put new tile right over them. New setting materials developed by the Tile Council makes this dream a beautiful reality.

• Re-tile with a decorator's touch. Install square tiles of alternating colors—blue and white, for example—in vertical, horizontal or diagonal rows. Add a horizontal row of tiles at the top for a chair rail.

• First aid for mirror frames: a row of tiles, or a checkerboard coverup of 1" ceramic mosaics.

• Mosaics cover-ups for tissue box and wastepaper basket are good beginners' projects.

• Tile a wall shelf—or two—to hold bath paraphernalia, books and plants.

• Remember, plants love humidity, so by all means treat your bath to greenery. If the room has a good size window, install a window box on the sill and fill with flowering plants. Tile the sill for worry-free watering and misting.

• Build wall-to-wall tile steps to the edge of the tub to create the illusion of a sunken bath. Besides looking luxurious, the steps will come in handy for towels and bath accessories.

• Decorate a plain painted wall with a row of fancy tiles around the tub, at chair rail height, and/or framing door and window openings. Americana tile motifs—such as Pennsylvania Dutch hearts and flowers, birds and seashells—are great for today's popular country decors.

• The hand-crafted tile look, which is established with deliberately uneven edges and/or textured surface variations, is also ideal when you want to give a bath that country feeling.

This type of tile is available from many American manufacturers including American Olean, Florida Tile, Mid-State, Quarry Tile Company, Summitville, Terra Designs and Wenzel.

• A tiled vanity top is a

terrific improvement. It looks wonderful, is easy to care for, and that hot curling wand won't scorch it.

• If the bath has some unused space, create a special dressing table. Cover any small table with ceramic tile, add a pretty skirt, hang a mirror on the wall, and finish with overhanging lamp(s).

• Put in a skylight if your bath is under the eaves and has a southern exposure. Install dark-colored quarry tile or pavers on the floor, and you will have a solar-heated bath.

• Color is an important consideration when you are facelifting a bath. For year-round sunny mornings, try yellow tile walls, melon-colored towels, white louver shutters.

For a "tropical look," go

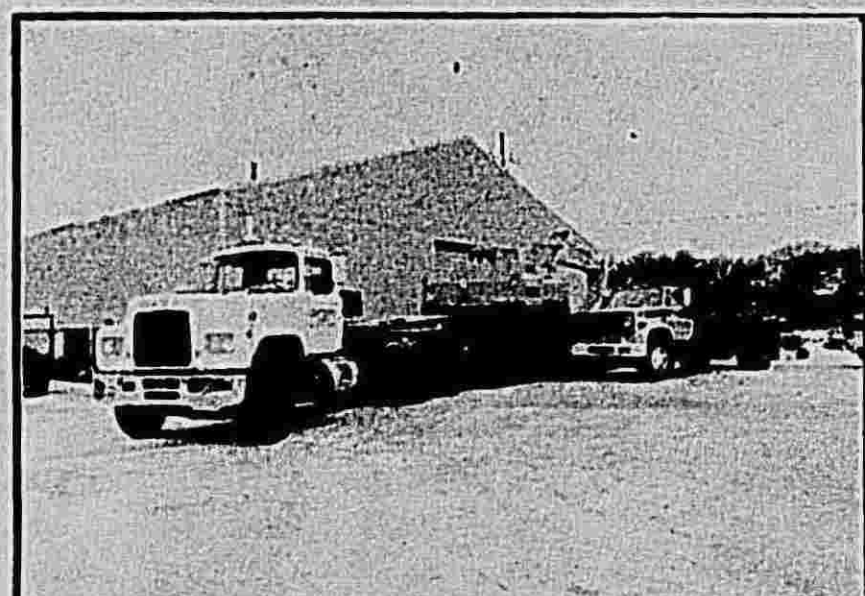

with white or green tile, a jungle-print shower curtain, a ceiling fan light and wicker accessories. Dark greens, blues, browns and grays promote a masculine look, while the pastels set a feminine mood.

• Grouts, the filler material used between the tile, now come in a rainbow of colors, so they must be considered, too. In a quiet, monochromatic scheme the grout simply matches the tile, but if you like the grid effect of tile, use a contrasting grout color for emphasis. White wall tile with bright blue or red grout joints are cheerful examples.

If you want to put in your own bathroom tile, send 25 cents to Tile Council of America, P.O. Box 2222, Princeton, NJ 08540

Innovative new product increases convenience, reducing maintenance

A new product breakthrough that practically eliminates user inconvenience and lowers maintenance costs for public washrooms at the same time, has recently been introduced by Scott Paper Company.

The new JRT™ Jumbo Roll Tissue toilet tissue system brings a new dimension to the traditional washroom, one that all but eliminates a problem faced by thousands of Americans each day, says James C. Smith, director of marketing for Scott's Personal Care and Cleaning products division.

What makes this new toilet tissue so different from traditional toilet tissue is that it uses one roll of toilet tissue that is 4,500

feet—or 12 football fields—long and only four inches wide. That's the equivalent of 12 single-ply 1,000 sheet rolls of toilet tissue.

The extraordinary length of each roll of JRT Jumbo Roll Tissue means that the system's heavy-duty plastic dispenser need be refilled only one-twelfth as often as conventional dispensers.

"The JRT Jumbo Roll Tissue system is the biggest tissue product breakthrough for the washroom in many years," adds Smith. "The new system is ideal for use in all high-traffic washrooms, such as in schools, shopping centers or amusement areas."

For the average user, it means that the chances of being stricken by tissue roll run-out, and left helpless in a public washroom, are drastically reduced. That's a problem that has faced millions of people since toilet tissue was first introduced in 1857.

The extra length of each roll also reduces maintenance costs because not as much time is needed to monitor toilet tissue usage as previously required. JRT Jumbo Roll Tissue expands the interval between tissue refills, thus leaving maintenance people free to tend to other tasks.

"Building operators and maintenance managers are under increasing pressure to provide the best in services for the public," points out Smith. "But at the same time, they must also keep an eye on rising operating expenses. Scott Paper Company's JRT Jumbo Roll Tissue system allows them to meet both goals at the same time."

Reaction to the new toilet tissue system has been strong, says Smith. During test marketing in four different regions of the country, nine of 10 building operators who installed the JRT Jumbo Roll Tissue system continued using the system after the trial period had ended.

The JRT Jumbo Roll Tissue system is available from Scott distributors across the United States. For more information, and the name of the nearest distributor, call

1-800-FOR-INFO, or write to: JRT Jumbo Roll Tissue, Away-From-Home Products Division, SCOTT PAPER COMPANY, Scott Plaza One, Philadelphia, PA 19113.

A TOWERING ACHIEVEMENT

ⓂThe Sears Tower in Chicago, at 1,454 feet, is the world's tallest freestanding structure. The World Trade Center in New York is 1,350 feet tall. And the Empire State Building is 1,250 feet tall. Imagine stacking these three towering buildings atop one another. You still would not equal the length of one roll of Scott Paper Company's new JRT® Jumbo Roll Tissue!

This revolutionary new toilet tissue dispenser system features a roll that is a whopping 4,500 feet long and is only four inches wide! That's equal to 12 standard size one-ply 1,000-sheet rolls of toilet tissue. And the JRT Jumbo Roll Tissue easily fits onto any existing restroom stall mount in the country.

How's that for an answer to the age old problem of "toilet tissue run out?" That's the uncomfortable and embarrassing situation you find yourself in when you enter a busy restroom — at the plant, the stadium, the department store or other public building — only to discover that the stalls have run out of toilet tissue!

Scott's answer to the problem is the best such solution ever offered by an American manufacturer. Because of its length, the JRT Jumbo Roll Tissue system needs to be refilled only one-twelfth as often as standard toilet tissue dispensers.

How to work with a kitchen specialist

There are different ways to work with a kitchen specialist, depending upon the scope of your contemplated remodeling, your budget, how much of the work you hope to accomplish yourself and the source or sources from which you purchase the many components that go into a kitchen.

First, have a firm idea of what you want to accomplish. Is the need primarily cosmetic—to make your kitchen more attractive, more pleasant to work in—or does it go deeper? Do you need to update appliances, expand storage and work space, improve lighting and ventilation?

The broader the scope of the project, the wiser you are to employ a professional's services, from designing the layout and supplying the materials to supervising the installation of everything from cabinets and appliances to plumbing, wiring and perhaps even wallcovering and flooring.

Many trades are integral to a remodeling that amounts to renovation, and it is part of the professional's job to schedule and dovetail their work. How do you find this professional?

Shop around. Ask questions of friends and neighbors who've recently had their kitchens remodeled: Are they happy with the result? Did they enjoy working with the firm, and the individual responsible for

the installation?

Kitchen remodeling entails a close relationship over a period of weeks—perhaps months—with any professional you employ, so it's important to like and trust him or her. You can tell from a visit to a showroom if rapport is likely to develop or not, simply by asking questions and evaluating the answers.

Other things to consider when visiting a showroom are its general appearance (is it neat and orderly, with spotless counters and gleaming chrome?), the quality of the cabinetry on display, and the style of the complete kitchens.

An indication of a firm's reliability and financial integrity as well as its creative ability is its NKBA emblem, for to belong to the National Kitchen & Bath Association, a retailer must meet certain standards.

After your initial meeting in a showroom, the designer will take field measurements and run through a long list of questions to determine what you like and don't like about your present kitchen; what you want and don't want to incorporate in a remodeling.

It pays to bring to this meeting ideas of your own—ads for cabinetry and appliances, magazine and newspaper photographs of ideas and interiors you find appealing—because it's

from your input the designer will produce a layout, with options, for you to approve or to edit.

An estimate of costs will be prepared, with a specification sheet, working drawings and an electrical plan. You will sign a contract and make a down payment of probably 40 percent.

Up to this point, if you decide or are forced to cancel, all it will have cost you is a design fee. The fee, if you do proceed, becomes a part of the over-all cost.

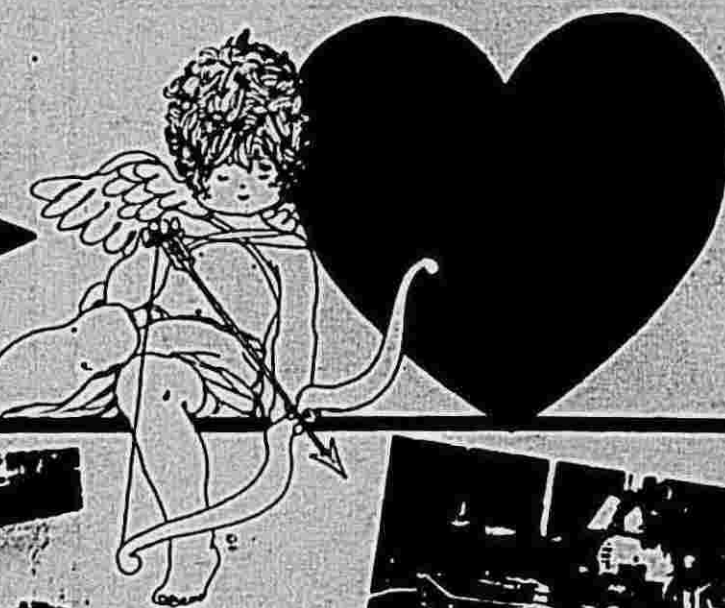

Suppose you prefer not to follow the conventional, all-inclusive route to remodeling. Suppose you prefer to install your own cabinets, either because you enjoy this kind of project or to save money.

You can still employ a specialist—a Certified Kitchen Designer, let's say—to draw up plans and "specs," then install your own cabinets and contract with licensed professionals of your own choosing to install plumbing and wiring.

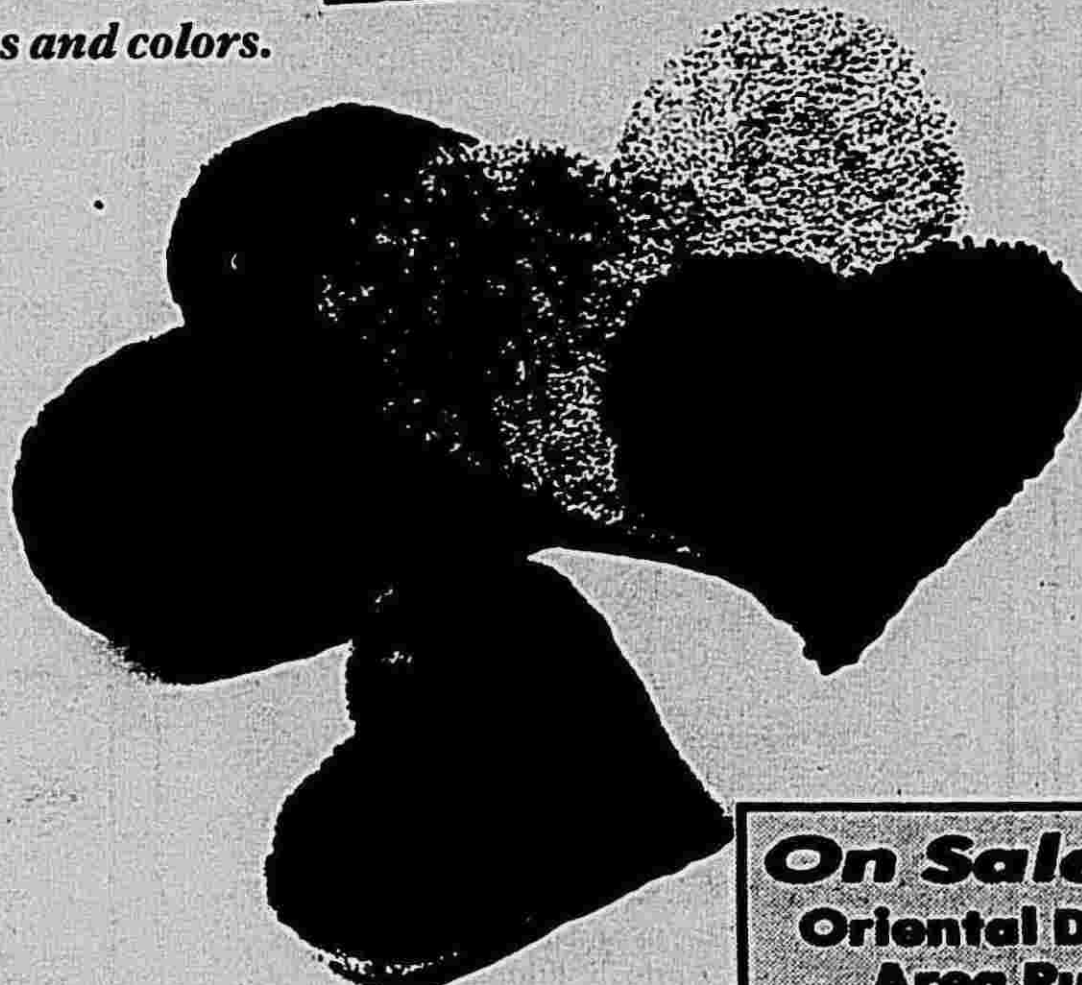

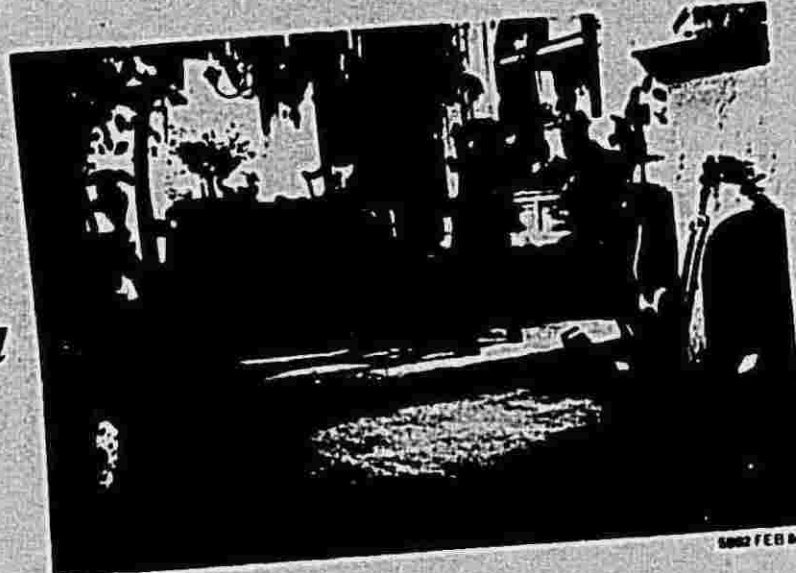

Or you can purchase the plans and employ the planner to supervise a D-I-Y installation, so you don't make mistakes.

Or, to stay within your budget, you can spread out your expenditures: install appliances now, cabinets later—or vice versa. Professionals often will plot a long-range plan for you to plug into as you can afford each step in sequence.

Yastrow Announces Committee

Sybil Yastrow, who currently holds the position of first assistant to the Regional Supt. of Schools for Lake County and is a candidate for the office of Lake County Supt. of Schools, has announced the formation of Citizens for Sybil Yastrow, a committee composed of 32 individuals active in the field of education.

"It is with great pride and excitement that I announce the members of this committee," said Yastrow, a 10-year veteran of the Lake County School Dist. "Each individual on the committee is firmly committed, both personally and professionally, to ensuring excellence in education, a belief that I have always held as my number one priority," she added.

Members of the committee will advise and support Yastrow on the issues facing the campaign, and will act as liaisons between Yastrow and citizens of their respective townships.

The Chairman of Citizens

for Sybil Yastrow is Steven Mountsier, and the treasurer is Mervyn Pilote. Principal coordinators are Merle Holtzman and Bill Steichman, and superintendent coordinators are Don Gossett, Cliff Houghton and Charles Thomas. Teacher coordinators are Lin Waggoner and Judy Thomas.

The township coordinators representing Antioch are Bill Brook, Bill Thompson and Laverne Thompson. Coordinators from Avon Twp. are Russ Christian and Shirley Christian. From Deerfield Twp. coordinators are Mark Leopold, Amy Lubin, Don Lubin and Edna Schade and Nancy Flourer represents Grant Twp. and Howard "Bud" Scott represents Lake Villa.

Citizens for Sybil Yastrow township coordinators representing Libertyville Twp. are Pat George and Edwin Sweeney. Helen Christiansen is the coordinator from Newport Twp. Representing Shields Twp. are Lowell Dixon,

Mariclaire Dixon, Ed Pickus and Jackie Pickus. From Vernon Twp. is Frances Wilkins, and the coordinator from Wauconda is Jerry Beyer.

Interested volunteers and/or coordinators should call the Citizens for Sybil Yastrow committee at (312) 940-8120 or (312) 689-6313.

Offer Trapper Course

Beginning trappers will have an opportunity to learn basic trapping skills at a Dept. of Conservation trapper education course scheduled from 9 a.m. to 5 p.m., on Saturday, March 8 at 1st National Bank of Antioch-downstairs meeting room, according to Michael Gronniger, coordinating volunteer instructor for the class.

"This is an excellent opportunity for young people interested in trapping to acquire the basic skills needed to harvest Illinois furbearers," Gronniger said.

Successful completion of this course is mandatory for those individuals under the age of 18, who are seeking a trapping license for the first time.

"The course should also prove beneficial to experienced trappers due to the wide range of topics covered," he added.

The eight-hour course includes instruction in trap modification and maintenance, basic sets, fur handling procedures, ethical trapping behavior and related topics that will help the trapper advance his contribution to the cause of conservation.

The course is open to the public, but enrollment may be limited due to the amount of available space. Pre-registration is required and the seminar is limited to 25 persons.

For more information about the course, contact the coordinating instructor at (312) 395-1580 between 8 a.m.

High Schools To Host Conference

Five Lake County high schools will host a Peer Leadership Conference, "Who's Who and What's

What," from 8:30 a.m. to 2 p.m., Thursday, Feb. 27, at the College of Lake County in Grayslake.

Lake Forest, Highland Park, Deerfield, Mundelein and Antioch high schools have sent invitations to 52 schools in Lake, northern Cook and McHenry counties, for students and adults who are involved in, or who wish to form, intervention groups at their schools.

The conference will feature a skit on substance abuse by Aunt Martha's Youth Center from Park Forest and workshops on how to start programs such as Student Against Driving Drunk (SADD), Alternatives for Teens (AFT), and Operation Snowball. Topics such as "Project Graduation" and "Peer Counseling" will be highlighted. High school students will lead all workshops.

For more information, call Ray Krack, (312) 234-3600, or Barbara Korotev, (312) 234-5942.

It's Time To File Statements: Hess

"Once again, it is time to file the Statement of Economic Interest for those persons required to comply with the Illinois Governmental Ethics Act," announced County Clerk Linda Hess.

This Act requires certain individuals who are employed by government agencies to disclose their economic interests to prevent any potential conflicts of interest. This includes both elected and appointed officials serving in some capacity for a unit of government.

Hess said forms have gone out to all units of government in the County requesting the names of Lake County residents required to file. "We already have gotten some lists back, and we have begun sending letters notifying residents of their responsibility to comply with the Illinois Governmental Ethics Act," she continued.

Persons required to file with the County Clerk's office must do so by May 1, or they will be subject to late fees and/or penalties. A \$15 late filing fee will be charged to those persons filing after May 1, and those who have not filed by May 15 will be subject to penalties of \$100 per day for every day they have not filed.

"We really don't want to charge late fees to people who must file, considering many are serving their communities in voluntary position," said Hess, "but it's the law. So we're urging filers to get their forms in as soon as they receive them," she added.

Residents who think they might be required to file should call the County Clerk's office at (312) 689-6666 if they do not receive a notice in the next couple of weeks. Over 4,000 people in Lake County are expected to file.

Area Students On Dean's List

Eight students from the Lakeland readership area were named to the Eastern Illinois University Deans' List.

The top 10 percent of students in each of six colleges (Applied Sciences, Arts & Sciences, Business, Education, Fine Arts and Health, Physical Education & Recreation) are included on the Dean's lists.

Those students qualifying for the top 10 percent must

have at least a 3.50 grade point average (4.0 scale) and must have at least 12 graded semester hours.

The students were:

Laurie B. Dorsey and Jill Marie Harland, both of Antioch; Pamela Raye Smith, Bristol; Paul Ronald Koenig, Fox Lake; Deborah L. Petitclair, Gurnee; Michelle M. Kavich, Ingleside; Lisa Carol Bysina and Theresa M. Clarke, both of Mundelein.

Upper Grade School Eighth Grade Boys

The team had a weak start to the season due to all the inexperienced first year players on the squad. The team has progressed into an excellent team and has a chance of going 6-6 for a final conference record. Thanks to the players for the hard work and determination they showed during the season. Thanks to the parents for their support and cooperation. Front row from left: Chris Parker, Tom Groth, Mike Randall, Fred Alexander, Brian Hovey, and Matt Ashbacher.

AUGS Eighth Grade Girls

The Antioch Upper Grade Eighth Grade Girl's Basketball team completed a very successful season with an 11-1 record which was good enough for the conference championship. The girls played well together, aggressively, and most of all, consistently throughout the entire year. The girls are to be commended for their hard work and dedication. Survivors include her daughter, Joyce (Edward) Royer of Round Lake Beach; two grandchildren; and five great-grandchildren.

Interment was at St. Joseph Cemetery, west of Round Lake.

AHA Sees 10 Times More Diseased Deaths

Ten times more Americans will die this year of heart and blood vessel diseases, the nation's number one killer, than will lose their lives in accidents of all types, the American Heart Assn. estimates.

The combined cardiovascular disease death toll will be more than twice that of cancer, the nation's second leading killer, the Assn. predicts in its outlook for 1986, based on a new edition of "Heart Facts."

AHA's forecast analyzes the most recent data available, which showed that heart disease, stroke and related disorders took an estimated 989,400 lives in 1983—almost as many deaths as from other causes combined.

"This means that almost one out of every two Americans dies of cardiovascular disease," the Assn. says. Cancer deaths totaled about 440,620 and accidents took 91,290 lives in 1983.

Two cardiovascular diseases, heart attack and stroke, are the nation's first

and third leading causes of death respectively, AHA points out. Heart attacks in 1983 were fatal to 547,100, amounting to 55.3 percent of all cardiovascular deaths. Stroke, the second most deadly cardiovascular disease, caused 156,400 deaths, 15.8 percent of the cardiovascular total.

Heart and blood vessel diseases are not only deadly—they're also pervasive, "Heart Facts" says. "Of the current U.S. population of approximately 230 million, over 63 million suffer some form of these diseases. That's more than one of every four Americans."

Most prevalent among these disorders is high blood pressure, which AHA says afflicts an estimated 57,710,000 people; 4,740,000 have coronary heart disease; 2,080 have rheumatic heart disease, and another 1,930,000 have suffered strokes.

Medical science has made important advances in preventing and treating cardiovascular disease (CVD), bringing about a dramatic

decline in death and disability in recent years, according to the AHA publication. Between 1972 and 1983, total deaths from all forms of CVD declined 30.7 percent. Rheumatic fever and rheumatic heart disease deaths showed the greatest decline, 47.4 percent; deaths from stroke dropped 47.1 percent, and coronary heart disease (heart attack) mortality dropped 31.2 percent.

Despite this progress, heart disease continues to take a devastatingly high toll among individuals in the prime of life, AHA says. Analysis of data from the Framingham (Mass.) Heart Study shows that 45 percent of the approximately 1.5 million who suffer heart attacks each year are under age 65.

Edgar Speaks To Grant Twp. GOP

by CHRIS SPECHT

Secretary of State Jim Edgar and Co-Chairman of the Lake County Republicans, Bob Neal, were among the speakers at the Grant Township Lincoln Day Dinner which was held at Maravella's restaurant in Fox Lake on Feb. 8.

Bob Neal stressed unity in his speech quoting cartoonist Walt Kelly saying, "the enemy is us."

"We have a chance to elect a republican to every county office this year if we do not

allow ourselves to be divided," said Neal.

Edgar began his speech by stressing the importance of Lake County to Republicans running for state office.

"In the last election, I won Lake County with 68 percent of the vote," said Edgar. "I would be happy if I could take that and just call off the election this year."

Edgar's speech also touched on such topics as the role the Republican party has played

in America since the days of Lincoln and the record of President Ronald Reagan.

Although Edgar described the president's record as "impressive," he said Republicans still had a long way to go before they would be able to dominate local politics they way they did at the turn of the century.

Edgar also reviewed his own record in office, mentioning such things as the return

of license plate manufacturing to Illinois, his campaign against illiteracy and drunken driving. Edgar had this to say concerning his stand on drunken driving:

"We are not trying for a return to prohibition," explained Edgar, "we just want to make people think before they go from the bar stool to the driver's seat."

Poster Contest To Be Conducted This Month

Amazing! True Facts Of Science!

By Will Lonergan & Matthew Poliakon

Men Or Machines?

Should men & women continue to explore space or should we use only unmanned probes?

Fact:

The manned space shuttle was created to be the major launch vehicle for the U.S. space effort until well into the 21st century.

Fact:

All U.S. deep space missions to date have been launched using unmanned rockets.

Since 1957, when the Soviet Union launched the first satellite into Earth orbit, space science has used unmanned space probes. Thousands of unmanned spacecraft have been launched since by the U.S., the U.S.S.R. and other space-faring countries. The planets Mercury, Venus, Mars, Jupiter, Saturn, Uranus, their many moons, Earth's Moon, the Sun, as well as two comets, have been visited and studied using unmanned automated spacecraft. The advantages of such "robot" spacecraft have recently been reexamined due to the space shuttle Challenger explosion that resulted in the deaths

of its crew of 7. As computer systems become more sophisticated, the usefulness of robot spacecraft will increase. The unmanned Voyager and Pioneer craft are even now, a decade in time and several hundreds of millions of miles in deep space, returning important information on the structure of the outer solar system. Viking landers stand upon the deserts of Mars, where they had operated perfectly for over half a decade. And long before the first astronauts walked on the Moon, the U.S. Surveyor probes had photographed and tested the lunar soil. The question of men or machines is an old one and events of recent days have forced everyone to wonder: Should men continue to go into space when the dangers are so real? The answer does not come easily.

If you have a question you would like to ask pertaining to general science, simply send it to:

Valentine Ideas Express Feelings

by CINDY KUJAK

With Valentine's Day
coming up on Friday, don't
be left out in the cold without
an expression of love for that
special person in your life.

Altmans in Round Lake
has a large assortment of
solutions to what may be a
real dilemma for Lakeland
area Romeos.

Choosing one gift from so
many beautiful ideas, may
end up being the biggest
problem. There are fresh cut
flowers, blooming plants,
dish gardens, European
gardens (combination of
green plants and cut
flowers) and cactus gardens.

An alternative for
someone who doesn't have a
green thumb, or for someone
who would appreciate a
lasting arrangement, is silk
flowers. These are also
available in arrangements
which can be used after the
holiday.

According to Judy Altman,
roses and cut flowers always
seem to be the Valentine
favorite.

Something really booming
this year, according to Judy,
is the balloon business.
There are 12 Valentine
selections available and
they're really going quickly.
A large number have
already been reserved.
Altmans features 200 balloon
selections for birthday,
anniversary, get well or any
other event or non-event you
can imagine. Prices start at
\$3.50.

Two arrangements
featured by Teleflora are the
"Cupid Bear" and "Swirling
Hearts."

"Cupid Bear" (\$22.50 and
up) is made up of a large,
red plastic heart containing
carnations and daisy
pompons. A white stuffed
bear (approximately 12
inches) with silver wings
and sporting a bag of arrows
on his back, is detachable.

"Swirling Hearts" is
available in an eight inch
white ceramic heart-shaped
vase (starting at \$18.50), or a
nine inch vase (starting at
\$25), filled with large and
mini carnations and daisy
pompons.

FTD this year offers
"Hearts N' Flowers" and
"Crystal Hearts."

"Crystal Hearts" (\$25 and
up) is a fresh arrangement
in a beautiful lead crystal
container.

"Hearts N' Flowers" (\$20
and up) is a carnation and
pompon arrangement in a
red plastic box-like con-
tainer.

Testing

The search is on for
students in grades nine to
twelve interested in
taking the 1986 JETS Test,
which gives students an op-
portunity to test their
engineering aptitude. It will
be on Friday, Feb. 14 at 8
a.m. in library classroom.
Cost is \$10.

Lucas Names Zarembski To Centennial Commission

Charles Lucas, the director of the Fort
Sheridan Centennial Commission, has
named Mary Zarembski as the Fox Lake
representative to the commission.

Although the centennial will not be until
November of 1987, the celebration will of-
ficially begin in January of that year, and
planning has already begun.

One of the first objectives of the com-
mission will be to arrange for the United
States Postal Service to issue a special

commemorative stamp honoring Fort
Sheridan's 100 years in existence.

Zarembski, with the help of her friends
June Ollerman and Ernie Rizzo are urging
all intrested residents of Lake County to
petition the Postmaster General to make a
commemorative stamp a reality by 1987.

Zarembski urges all of those interested to
write the Honorable Albert Casey, Post-
master General, United States Postal Ser-
vice, Washington, D.C. 20600-0010 in support of
the commission's application.

NEXT WEEK'S HOROSCOPE BY SALOME

Aries (Mar. 21-Apr. 19) Your natural tendency to lead puts you into a position of responsibility. Though you'll encounter some opposition, you soon take full command of the situation.

Taurus (Apr. 20-May 20) Weigh your needs carefully. Not everything that's sensible suits the practical Bovine. You also need to satisfy your sense of adventure. Reach out to a new experience.

Gemini (May 21-June 20) You may be running into problems because you're running out of steam. Slow down. Pace yourself. Cruising is less bruising on your energy supply.

Cancer (June 21-Jul. 22) Major Lunar influences dominate this period. Slow starts lead to steady progress. Look for past misunderstandings to give way to renewed friendships.

Leo (Jul. 23-Aug. 22) Keep a sharp cat's eye on your kitty. From now and through the next several weeks, it'll make good sense to watch your dollars and cents. Be wise; economize.

Virgo (Aug. 23-Sept. 22) Expect to make adjustments in your plans because of changes you can't avoid. It's a good idea to make at least two plans to fall back on if necessary.

Libra (Sept. 23-Oct. 22) Spend less time trying to balance all the elements in your life and put more time into having the fun you deserve. Things work out. You'll see.

Scorpio (Nov. 23-Dec. 21) Sports and competition dominate much of this period. Do your best. Efforts are noted regardless of the final outcome. Important news is coming.

Sagittarius (Nov. 22-Dec. 21) Aspects indicate it would be a wise move to recheck financial matters. You may be in for a surprise when all the right figures are refigured.

Capricorn (Dec. 22-Jan. 19) A slightly uncertain period begins. The best way to minimize confusion is to plan major moves well. Leave nothing to chance. Confirm decisions with all parties.

Aquarius (Jan. 20-Feb. 18) All that glitters may not be gold. To avoid being caught in a "gilt-complex" situation, be wary of silver-tongued charmers whose promises tarnish all too quickly.

Pisces (Feb. 19-Mar. 20) Pisceans are favored by strong artistic influences. Whether you create or enjoy the creations of others, you derive much spiritual and emotional satisfaction.

Pet Of The Week

Nancy Thomas of Antioch, poses with Sir Jowls Boston, her cocker spaniel, all decked out in bandana. Jowls has all kinds of tricks up his paw—he sits, begs, dances and gives paw. He also rings bells on the door when he wants to go outside. Jowls collects balls, 16 at last count, which he "buries" under the furniture, then dives for them or cries until they are retrieved. When Nancy says "Let's go bye-bye," Jowls sits at the door, anxious to go. Family members and visitors are always greeted at the door by the buff colored bundle of hair. He howls at sirens, and sleeps with whichever family member is willing to share their bunk with him. We would like to tell Lakeland readers about your pet. Contact the editor of this newspaper for information. —Photo by Jody Lewand

Dear Lake County Residents,

On February 2, 1986 I opened my office in Waukegan, Illinois. My reason for coming to Waukegan is to provide my Para-Medical speciality to our community.

I design, fabricate, and fit artificial limbs and orthopedic braces, as well as custom fabricated shoes for diabetics and arthritic feet. I am available on referral from doctors or for the individual who needs work or repair on their orthopedic device.

My wife and I are natives of Waukegan. I attended Carmel High School in Mundelein, Illinois, and received my Prosthetic-Orthotic education at Northwestern University.

I have worked in Orthotics and Prosthetics for almost 15 years. Until recently, I was president and co-owner of Northwest Orthotics and Prosthetics Inc., with 5 offices in Idaho and Utah.

Residing in the Waukegan area, will allow us to be near our families and friends. For many years I considered relocating my business to the city I grew up in. Now I am here to help you & your families with my services.

Sincerely,

Donald P. McKinney G.P.O.

State Bank of Antioch Individual Retirement Account

THE MONEY YOU INVEST IS DEDUCTIBLE FROM YOUR 1985 INCOME

1. A major tax advantage with an Individual Retirement Account at the State Bank of Antioch is that the funds in the account accumulate income-tax free!
2. We offer several ways to fund your IRA. You may choose to deposit as little as \$10.00 or as much as \$2,000.00 (annual individual limit) on the plan that meets your needs.
3. The assets of your IRA, through our bank's membership in the F.D.I.C., are insured up to \$100,000.
4. Unlike some insurance and securities companies, we do not load your account with heavy commission and fee charges.
5. Upon reaching retirement age, you can select the type of payout plan that works best for you.
6. Equally important, our bank is staffed by professionals you know and trust. We are a part of your community and we will be here when you need us.
7. Ask about our IRA one and two-year certificates of deposit paying a 1% premium above current rates through April 15.

Penalty for early withdrawal.
